

WEATHER FORECASTS

Victoria and vicinity—Strong winds or gales, mostly southerly; unsettled and cool, with rain.

Elsewhere—Fresh to strong southerly winds; unsettled and cool, with rain.

FAIR RECEIPTS ARE DOWN LOW

Nearly Four Thousand Dollars Less Than on First Three Days of Last Year's Provincial Exhibition

TO REPEAT STOCK PARADE SATURDAY

Judges Are Busy Placing the Awards on Largest Exhibits Ever Held in City—Indoor Concerts Popular Yesterday

RAIN falling for the whole day had a serious effect on the attendance at the Provincial Fair at the Willows yesterday. The gate receipts for the first three days being considerably below those of last year, the argument that horse races are necessary to make the fair a success seems more support from the figures presented.

Wednesday, the big day of the fair, fell short by over a thousand dollars the gate receipts of the corresponding day last year, although there were nearly eight thousand paid admissions besides the thousands of school children who were admitted free. It is also pointed out by Secretary George Sengstack that in addition to the thousand dollars less taken at the gate the fair suffered a further \$78 loss, the amount which was taken at the grandstands on the big day of the fair in 1921.

The total gate receipts up to Wednesday for this season's show amount to \$4,181. On Monday the receipts amounted to \$1,091, on Tuesday to \$1,485, and on Wednesday to \$1,605. The previous year the receipts for the corresponding three days amounted to \$7,989, a difference of nearly four thousand dollars.

Inside attractions found favor with the visitors to the fair yesterday, and the concert parties, radio entertainments, band and orchestra concerts had to compete for the attention of the fairgoers.

The Alberta cowboys will give exhibitions during the rest of the week, and an extra attraction to the list is a stock parade on Saturday at 2 o'clock.

Those who were not able to see the parade on the opening day an opportunity of witnessing what is generally declared to be one of the finest shows of stock seen in British Columbia.

MAKE PLEA FOR CRIPPLED MEN

Amputation Association's Head Demands of People of Canada That They Give Disabled Veterans a Fair Chance

VANCOUVER, Sept. 21.—The question of how crippled veterans throughout Canada are to find lucrative employment in the coming winter, was the principal subject of discussion at the opening of the Amputation Association of Canada. Unemployment was touched on in the opening speech of Captain the Hon. R. E. Lambert, of Toronto, and several provincial delegates emphasized the point in their reports. There are twenty delegates at the annual conference, representing every part of Canada.

W. S. Dobbs, of Toronto, said that a majority of employers in his city showed little consideration for the crippled veteran. Many of the men in this class had been employed by the Provincial Government, but others had suffered hardship and privation for want of livelihood. Reports showed that 184 men in the Great War were out of work in Toronto, 44 in Vancouver, 25 in Victoria, and 31 in Winnipeg.

Victoria's Aid

In Edmonton, it was reported, advisory boards have been organized to assist amputees in cases. In Victoria freedom from taxation on automobiles had been granted to the disabled men. Twelve hundred men had been given Government employment in Victoria.

Suggestions for the redraft of the constitution will be considered at Friday's session. The president, Captain Lambert, who as a private in the 50th Battalion lost both legs in Belgium in 1916, and is now captain of the Department of Soldiers' Civil Re-establishment in Toronto, in the course of his reply to the Mayor's address of welcome, presented a ringing challenge to the citizens of Canada to give the amputees a fair chance.

Those present include the Dominion executive comprising Captain R. E. Lambert, Toronto, president; Mr. A. A. Clarke, Toronto, vice-president; Mr. A. Butcliffe, Toronto, Dominion secretary; W. E. Davies, Edmonton, and Messrs. R. Myers and W. S. Dobbs, of Toronto. Other Toronto delegates include George Miller and A. C. White. Hamilton is represented by Mr. R. M. Turner; Winnipeg by A. Palmer and H. Shepherd; Regina by N. C. Handberg; Calgary by Norman Cape and A. Haselind; Edmonton by W. P. Maxwell and Victoria by Alex M. Horn.

Retains Position

PORTLAND, Sept. 21.—Bishop T. F. Gallor, of Tennessee, was today elected by the House of Bishops as president of the National Council of the Protestant Episcopal Church in the United States, which position he has held since the National Council was created three years ago.

Britain Stands Firm In Determination to Bar Turk's Passage

Energetic Measures Taken in Support of Policy to Keep Kemalists From Crossing the Dardanelles—Turkish Advance Means War Is Ultimatum of Allied Commander

EMPIRE'S SHOW OF STRENGTH HAVING PERCEPTIBLE EFFECT

CONSTANTINOPLE, Sept. 21.—All marine traffic between Constantinople, Black Sea, Marmara and Bosphorus seaports has been suspended. Ferry boats have been forbidden to accept passengers after 4:30 o'clock in the afternoon. Any vessel contravening this order will be fired upon by British warships.

The British are disarming the Turkish military and naval forces and making every precaution to suppress disorders and incendiarism.

All British males in Constantinople will be asked to supplement the Allied police forces in the capital in the event of an uprising.

RESIGNATION IS POLITICAL RUMOR

London Report Has It Premier Lloyd George's Offer to Relinquish Office Was Refused—Lord Curzon, Too

LONDON, Sept. 21.—It is rumored in London that Premier Lloyd George offered his resignation at a meeting of the Cabinet Ministers at Chequers Court last week-end, but that the resignation was refused.

It is also asserted that Lord Curzon, Secretary of State for Foreign Affairs, threatened to resign if his policy for securing the co-operation of France was not supported by the Cabinet.

For the moment Lord Curzon's policy has triumphed and intense satisfaction is expressed in England at the prospects of summoning an international conference to settle the Near East question.

Quarrels between Lloyd George and the French Premier, Georges Clemenceau, have been the subject of much discussion in the Cabinet. Their spokesmen among the press adhere to the view that the two leaders are at odds.

No further meeting of the Ministers in London is contemplated at present.

Lord Curzon is returning to London from Paris tonight.

DECISION MAY MEAN COMPLETION OF LINE

Railway Board's Order to Connect Lines at Kamloops Taken to Permit Further Work

KAMLOOPS, B.C., Sept. 21.—Construction of interlocking arrangements between the Canadian National and Canadian Pacific Railways at Kamloops was ordered today by the Board of Railway Commissioners now in session here.

Chairman F. B. Carvell said that while present traffic did not warrant the connecting line, it seemed necessary to the completion of the Canadian National Okanagan branch that such a line be constructed.

The decision of the Board, which was unexpected, has created the probability that the Canadian National line to the Okanagan will be completed. Grading has already been done.

NATIONALISTS PUT IRREGULARS TO ROUTE

Deputy Devine, Strong Opponent to Irish Treaty, Killed—Many of His Followers Captured

LONDON, Sept. 21.—Deputy Devine, of the Southern Parliament, a strong opponent of the treaty, is reported to have been killed with five other irregulars in a fight near Ballinacorney.

More than thirty irregulars were killed and two wounded.

DEMAND FOR WORKER VOICE IN INDUSTRY

Protestant Episcopal Bishops Enunciate Principle in Favor of Working Classes

PORTLAND, Sept. 21.—Unanimous approval was voted late today by the House of Bishops of the Protestant Episcopal Church in the United States to declarations framed by its Social Service committee, that "the industry which invests his life and his family in industry, must have, along with the capitalist who invests his money, some voice in the control of the industry which determines the conditions of his working and his living. There must be established a sane and reasonable democracy in industry. The worker of today is rightly seeking self-preservation and self-determination in industry, as well as a livelihood from industry."

The Bishops also unanimously affirmed that "all nations should associate themselves permanently for world peace and good will. We believe in a universal world and dedicate ourselves to its achievement."

Turks Impressed

The great display of Turkish flags has disappeared. The Turks appear to be sobering up. Profound depression exists among the Greek and Armenian population of three-quarters of a million souls.

Hamid Bey visited General Harrington, commander of the Allied forces, today, and explained that what the Kemalists were seeking was the right to cross the Dardanelles, a privilege already accorded to the Greeks.

General Harrington replied that a Turkish advance on the straits meant a declaration of war against Great Britain, and would be resisted with all vigor.

Hamid Bey replied that the Kemalists did not wish to fight the British.

Later General Harrington received the Turkish War Minister and the Minister of the Interior, and they discussed how peaceful conditions could be maintained in the capital in the event of disorders.

Plain Speaking

The Allied commander warned the War Minister that all trouble makers would be arrested and tried by court-martial.

The French and Italian generals express regret that their governments find themselves unable to participate in the preparations for defence.

The French commander, however, assured General Harrington that the French troops would assist in every way in preserving order.

All the Angora ministers have been summoned to the palace, where the attitude of the Nationalists to the Allied note will be definitely decided on.

GUILD SYSTEM WILL END WAGE DISPUTES

Victoria's Representative at Labor Congress Says Plan Will Prove Efficacious in That Way

PRINCE RUPERT, Sept. 21.—Wage disputes will be settled in the future by union members forming guilds to control their trade contracts, in the opinion of A. M. Davis, Victoria delegate to the executive of the Trades and Labor Congress of Canada, who is attending the Congress at Montreal.

Mr. Davis passed through here tonight. He reports a general improvement in trade conditions in the Dominion. He thinks that labor conditions are improving as fast as can be expected.

ECLIPSE OBSERVED IN GOOD WEATHER

Dr. H. K. Young, of Canadian Expedition in Australia, Cables Mr. Harper of Success

Dr. Young, a member of the Toronto University party which was sent out to Australia in connection with the observations of the total eclipse, sent a cablegram yesterday to Mr. W. E. Harper at the Dominion Astrophysical Observatory, Banff, reporting that the observations had been very successful, the conditions being excellent. The party were all well.

The Canadian party was headed by Professor A. Chant, professor of astronomy at the University of Toronto, and was joined, as it passed through Victoria, by Dr. R. K. Young. They arrived in Sydney, Australia, the latter part of July, and proceeded by ship around the southern and western coasts of the continent to Ninety-Mile Beach, an isolated and lonely spot on the northern shores of Western Australia. At Perth the Canadian astronomers were joined by the New Zealand astronomers, and the party from the Lick Observatory, California, headed by Dr. W. W. Campbell.

Professor Einstein, the proving of whose universally discussed theory of Relativity has been the chief cause of the unusual interest in this year's total eclipse of the sun, was expected to join the Dutch party from Java in observing the eclipse from Christmas Island. The path of the eclipse began in Abyssinia, it then eastward to Africa, passing eastward over the Maldives Islands, Christmas Island and Australia, and ending a short distance east of New Zealand. The British expedition made its observations from Christmas Island.

New U.S. Minister

WASHINGTON, Sept. 21.—Ulysses Grant Smith, of Pennsylvania, until recently American commissioner and chargé d'affaires of the American legation in Hungary, was nominated today by President Harding to be minister to the newly recognized government of Albania. He has been in the diplomatic service since 1902.

MR. DUFFY HOLDS TO TREATY TERMS

But Claims Proposed Constitution in Some Respects Violates Ireland's Rights as Defined in Pact With Britain

SUGGESTS AWAITING CONFERENCE RESULT

Dail President Declares Irish Government Needs No Education From Dominion as to Its Duties

DUBLIN, Sept. 21.—George Levan Duffy, who recently resigned from the Free State Government, said today in a speech in parliament, that he stood by his signature to the treaty and supported the draft of the constitution, in so far as it did not exceed the concessions that they honorably bound themselves to make under the treaty.

Mr. Duffy severely criticized certain portions of the constitution which he considered a violation of Ireland's rights under the treaty.

A Contract

It was essential that the House should realize it was dealing with a contract and not with a compromise. It was no part of the treaty that every time England said "Boo" the Government should run away, he said.

He strongly objected to the inclusion of the oath in the constitution, and asked if that was a matter in which the House would be allowed a free voice. He offered an olive branch to the ministry the suggestion that they should wait for their relations with the British Empire to be defined and until the Imperial Conference had met and settled many points relative to the constitutional rights of the Dominions.

Ignores Dominion

President Cosgrave, in a spirited reply, argued that neither the ministers nor the parliament required education from the Dominion ministers as to the rights of the Dominion, and he saw no reason to await an Imperial Conference.

Alluding to the question of prisoners, Mr. Cosgrave said the Irish Government had the moral courage to arrest from five to six thousand prisoners, and they would arrest as many more, if necessary, to secure the country from danger.

The Constitution Bill passed the second reading, 47 to 16. The committee stage will open Monday.

SCIENTISTS VIEW SOLAR ECLIPSE

Prevailing Conditions Proved Most Satisfactory for Work of the Expeditions Which Studied Phenomena

LONDON, Sept. 21.—The astronomers had a splendid view of today's solar eclipse from Woolen, near Perth, Scotland, according to a dispatch to The Times from Perth. The sky was cloudless and the observations were most successful.

The United States expedition at Woolen, headed by Professor M. W. Campbell, the director of Lick Observatory, saw a corona 40,000 miles wide from which four long streamers of light shot forth, one extending 2,500,000 miles from the sun's center, says a dispatch to The Times from Perth. The duration of the eclipse was four seconds shorter and began fifteen seconds later than had been predicted.

The United States astronomers were pleased at the success of photographic plates taken with the purpose of verifying Einstein's theory of relativity, namely, the bending of a ray of light in its passage through the sun's gravitational field.

Electors of Poland Will Be Sober When They Cast Ballots

WARSAW, Sept. 21.—The order of the Ministry of the Interior for a period of six weeks of prohibition throughout Poland preceding the elections has been received quietly by the public, but with violent protests from the Ministry of Finance, which foresees the loss of great amounts of revenue during the dry spell.

It seems probable, therefore, that the period will be shortened to begin November 1 and after the elections for the Senate, November 15.

WOULD GIVE LEAGUE CONTROL IN THRACE

Bulgaria Has Plan to Settle Knotty Territorial Question—Makes Proposal to Britain and France

LONDON, Sept. 21.—The suggestion that the Thracian question can be settled by making Thrace, from the Turkish hinterland of Constantinople to the Mesta River in Macedonia, autonomous under the jurisdiction of the League of Nations, has been officially submitted by Bulgaria to France and Great Britain. The Times learns.

Peaceful Outcome of Near East Problem Now Seems Assured

Every Hope Entertained That Conference Now Under Way Between Britain and France Will Be Productive of Successful Solution—England Will Hold Dardanelles

MAINTAINS PRESTIGE IN FACE OF TURK SUCCESSES

LONDON, Sept. 21.—The prospect of a peaceful settlement of the Near East trouble was regarded in London tonight as distinctly improved.

It is authoritatively stated that at last night's late Cabinet meeting, and at the meeting today, the members were principally engaged in discussing matters connected with the transportation and feeding of refugees from Smyrna, which have been actively engaging the attention of the Board of Trade.

The conference between Premier Poincaré and Lord Curzon will be renewed at Paris tomorrow morning, and while these are pending, the British Prime Minister left for his country residence, and the other members of the Cabinet are scattering.

CONSERVATIVES FORM NEW BODY

Victoria Liberal-Conservative Association Organized by Big Meeting With Major Gus Lyons as President

Born under auspicious circumstances, the Victoria Liberal-Conservative Association came into being last evening when the Conservatives of the city gathered in numbers so large as to overflow the seating accommodation of the Conservative rooms in the Campbell Building and were gathered in the new hall decided upon by the recent convention at Vancouver.

Electing its officers and adopting a constitution, the new body greeted with enthusiasm the party leader, Mr. W. J. Howser, K. C., and through its speakers proclaimed its loyalty to him.

Soundings the keynote "Unity," the various speakers voiced the general feeling that the Conservative cause had passed its period of greatest weakness in this Province and that the strength which would eventually lead to the success of the party at the polls.

Major Gus Lyons, president of the now defunct Conservative Association, was named as president of the new organization, with Mr. Margaret Jenkins as first vice-president, Mr. J. O. Dunford as second vice-president, Mr. Harry M. Graham as secretary, and Mr. B. L. Robinson as treasurer. The central executive will be chosen at ward meetings which will be arranged.

Addresses were delivered by Mr. W. J. Howser, K. C., Mr. R. E. Green, Canon Hinchcliffe and Hon. S. F. Tolmie. The last of the evening, the address of the party leader, was particularly looked forward to, and they heard a typical aggressive speech from Mr. Howser, who did not spare the present Provincial administration following up the attack which Senator Green had opened in his remarks a short time previously.

Loyalty General

Mr. Howser was glad to hear of the unanimity prevailing and the loyalty expressed at the meeting. This was commensurate with the loyalty which had been expressed in all parts of the Province since he had again been chosen as leader of the party. Those who had voted against him at the convention were now equally as hearty in their support.

At the end of this month, said Mr. Howser, he would commence a tour of the interior in company with Mr. H. H. Stevens and Mr. Howe, the defeated candidates for the party leadership, opening at Kamloops and the Kootenay country, completing the trip at Nelson. He hoped in November to cover parts of Vancouver Island in company with Dr. Tolmie, M. P., and Mr. C. H. Dickie, M. P.

The work of the Liberal-Conservative party, declared the leader, was to redeem the Province from the hand of incompetent men at present at the head of affairs.

The Oliver Government did not give the assistance it should to municipal governments, said Mr. Howser, but he was sure that the programme advanced by the Conservatives at the last election would have given the necessary financial aid.

The present Government had been in office for six years, and over \$100,000,000 had passed through its hands in that time. To what extent had Victoria benefited from this? asked the speaker. No money had been recklessly spent. South Okanagan lands had been purchased at a higher price than would have been paid if the sale had been a private one, and the large commission was reported to have gone into the party campaign fund. Two and a half million dollars had been spent there, and there were only twelve or fifteen settlers at the present time. Whether or not the Sumas Lake reclamation project would be a success any time could tell, but a large amount of money had already been spent on it and much more would be required, while land was available in other portions of the Province without having to be recovered from the bottom of a lake. The members of the party were of one mind.

(Continued on Page 11)

HEAVY CLAIMS AGAINST TURK

Canada's Demands Are Now Being Fully Scrutinized Prior to Being Submitted to Reparations Commission

AGGREGATE AMOUNT TOTALS TO MILLIONS

Former Armenians Who Suffered Through Turkish Atrocities, Seek to Secure Compensation

OTTAWA, Sept. 21.—Canada has reparations claims against Turkey. What the total will be cannot yet be definitely stated, as the claims are now being rigidly scrutinized at Ottawa, prior to presentation to the Reparations Commission, but they may run into several millions.

Turkish massacres in Armenia are understood to be responsible for a large portion of the claims. In these instances claims have been presented by former Armenians, now resident in Canada, for losses in Armenia. A number of these claims are said to be obviously inflated, hence the need for close scrutiny.

Before Parliament

Last session Parliament gave authority to the Government to deal with enemy debts in regard to Turkey. The unaffiliated claims were tabled without discussion. Three days before the close of the session, however, the Prime Minister introduced a bill to provide machinery to enable the Government to deal with former enemy property in Turkey and Hungary.

One concern in Canada, the Premier observed, had a claim against Hungary and Turkey for \$600,000. The bill went through with practically no discussion.

No Early Settlement

Even should the present troubles in Asia Minor be settled through the channels of diplomacy, it is not thought likely that any progress will be made with reparations claims against Turkey for a considerable time at any rate.

The treaty of Sevres, although signed on behalf of the Sultan of Turkey, has not been ratified and the Nationalist Government in Ankara has declined to recognize it.

OFFICER SHOT AT OWN DOOR

Provincial Police Sergeant Lawson, of Coleman, Murdered in Cold Blood—Posse Hunts Prominent Citizen

PRINCE GEORGE, Sept. 21.—Pursued by mounted police, provincial police of British Columbia and by United States authorities in Montana, Emil Picarello, of Coleman, Alta., is a fugitive from justice charged with the murder of Provincial Police Sergeant Stephen G. Lawson, of Coleman.

Following Lawson's attempt to halt an automobile driven by Picarello's son at the provincial boundary, and a shot fired by Lawson which injured young Picarello's hand, the older Picarello drove to Coleman, knocked at Lawson's door and is said to have fired point blank at the constable, who died within five minutes.

Lawson suspected young Picarello of smuggling liquor from British Columbia into Montana.

Emil Picarello is a well-known citizen of Coleman, where he has brought up a big family. Sergeant Lawson leaves a wife and three young children. He served overseas and won the Military Medal.

Both father and son were motoring from Michel, B.C., to Coleman, Alta., today, very driving a separate car. The father had passed the boundary line before Sergeant Lawson came up, in time to intercept the younger man's car with a request that he submit to search. Young Picarello turned his car on the road and then flashed past the policeman at top speed back in the direction of British Columbia. Lawson fired and Picarello was wounded in the hand. He drove the car back to Michel, however, and awaited his father, who came back later looking for his son. Hearing of the policeman's action the older man is said to have driven at once to Coleman and shot Lawson. He has not been seen since.

Ready for Service

KINDERLEY, B.C., Sept. 21.—The Eighteenth Canadian Light Horse will be ready for action if called for overseas service. Lieut.-Col. H. W. Arnold has wired M. D. No. 12, headquarters in Regina. He says the unit can soon be recruited to war strength if required.

DOMINIONS WANT PREMIER AT GENEVA

LONDON, Sept. 21.—It is reported in the Lobbies at Geneva, says a Reuters dispatch from that city, that the delegates to the League of Nations from the Dominions have telegraphed Premier Lloyd George expressing on him the urgency of his going to Geneva to explain to the League of Nations the situation in the Near East.

SOUNDING OUT TURKISH VIEW

Allied Powers Considering Basis Upon Which Peace Conference Will Act—British Confront Kemalists

PARIS, Sept. 21.—The Allied powers are agreed upon the quick summoning of a peace conference to settle the Turkish problem, but the delicate question as to the basis of negotiations acceptable to the Ankara Government is still to be answered.

It was principally to sound out the Kemalist position on this source that the Entente statesmen adjourned their conversations until Friday, and today efforts were going forward to obtain the Turkish view.

In agreeing to summon around the peace table the eight nations principally interested in the Near East and the status of the Dardanelles and the Bosphorus, Premier Poincaré, Lord Curzon and Count Storace consider they did a full day's work. The peace conference is expected to open within three weeks, probably at Rome or Venice, with delegates present representing Great Britain, France, Italy, Japan, Greece, Roumania and Yugoslavia.

Britain's Position
LONDON, Sept. 21.—While the Allied powers are feverishly endeavoring to arrange a peace conference to clean the slate between Turkey and Greece, and prevent more fighting in the Near East, rumors of impending hostilities continue to come from Constantinople and the Dardanelles.

A relatively small force of British troops is holding Chanak, the key position on the southern shore of the Straits, while the Turkish Nationalists, eager for further conquests after their overwhelming defeat of the Greeks are concentrated outside the neutral zone at Ismid and Chanak, impatiently awaiting the word from Mustafa Kemal to advance.

The Kemalist, official French dispatches say, have available for use in such a drive 1,000 modern field guns, 5,000 machine guns and enough ammunition for a two-year campaign which they captured from the Greeks. If their spokesmen at Constantinople are to be believed, the Turks are determined that the Allies shall not stand in the path of their desire to reconquer Thrace.

Kemalist Aggressive

ISSUES DEFI TO U.S. OFFICERS

Belligerent Yacht Master Turns Back Prohibition Sleuths—New York Paper Makes Pertinent Suggestion

NEW YORK, Sept. 21.—Captain Shears, bound for St. John, N. B., from Nassau, Bahamas, in command of the yacht Onward, said to have been formerly owned by Henry Ford and now flying the British flag, hurled defiance at Uncle Sam's "prohibition navy" while riding at anchor ten or twelve miles off the New Jersey coast. It was learned when the "rum chaser" Hahn returned to port yesterday.

The United States prohibition officers suspected the Onward's cargo, which was listed as "assorted," consisted very largely of liquor, and they attempted to seize the yacht, but were forced to beat a retreat by the belligerent skipper.

Threatens to Shoot

Standing on deck with his right hand in his hip pocket, Captain Shears turned the yacht's searchlights on his flags and then asserted that as he was beyond the twelve-mile limit he would shoot down the first man who attempted to board his vessel.

Acting Collector of Customs H. C. Stuart sent a telegraphic report of the matter to officials in Washington. The department then called upon the Attorney-General for a ruling. Meanwhile another Government boat has been sent out to learn the present position of the yacht and also to determine if possible the exact distance the yacht was from shore on Tuesday night.

A Pertinent Query

The New York Times this morning prints a pertinent editorial on the controversy over the seizure of British vessels in United States waters. The paper holds that neither the United States political departments nor United States courts can remake international law, and adds:

"If the United States is so eager to seize whisky-bearing craft beyond the three-mile limit, why does not it begin with the United States Shipping Board gun mills, Mr. Lasker's floating American islands of rum?"

URGES UNITY IN PRESENT CRISIS

Right Hon. Arthur E. Meighen Calls for Support of Government on Question of Foreign Policy—Railway Situation

BELLEVEILLE, Ont., Sept. 21.—The question of the Near East is one on which no one should endeavor to embarrass the Government, Right Hon. Arthur Meighen told a gathering of political friends at the Belleville Club last night.

So great is this question of foreign policy that every citizen should give the Government an opportunity to live up to the best traditions of the British character, he said. He urged that no one should be carried away by thoughtless references to foreign policy and that the Near East was not a diplomatic adventure in the mind of the British Government, which, he said, was composed of men of all parties who had stood the test of the last eight years.

A "Fired Bomb"

The transportation problem was also referred to. D. B. Hanna and the directors of the Canadian National Railway have the confidence of every employee of the system and of the country, Mr. Meighen declared. Today Mr. Hanna was the "fired bomb" handling the greatest enterprise in Canada—"a fine case of affairs," remarked Mr. Meighen.

"The presidency has been so hawked and peddled and dragged in the dust that no one can be found to take it. Put a Canadian there. Put a man there who knows the system. Get it done and give the road a chance."

SMYRNA REFUGEES HARRIED BY TURKS

Seventy-Five Thousand Survivors of Catastrophe Still Remain Exposed and Destitute

SMYRNA, Sept. 21.—Although eight days have passed since fire obliterated Smyrna, 75,000 survivors remain exposed on the quay, destitute, distracted and abandoned. No Allied vessel has offered to salvage this last wreckage of human life in the great disaster in Asia's history. Deportations continue, and Turkish soldiers are beginning to carry off the Greek and Armenian girls, leaving their parents in a frantic state.

Sporadic shooting and thefts continue. Smoke is still emerging from the ruins. The Turkish authorities explain that this is due to the burning of human bodies.

Dr. Wilfred Post, of New York, medical director of the Near East Relief, has urged his Turks to bury their dead, in order to prevent pestilence. He also has appealed to them to vaccinate everyone, in order to guard against cholera and smallpox.

Could Have Saved More

Interviewed by the Associated Press today, Dr. Post said:

"It is regrettable that the Allied ships did not do more in salvaging human life. The work of all the vessels on the night of the fire was magnificent, but on the succeeding days when the impulse of the great disaster disappeared there was a lull in their energy and spirit."

"If we had kept up the work there would now be no evacuation problem, and thousands would have been saved which might otherwise be deported or killed. There are so many bodies in the streets that I had, on one occasion, to alight from my automobile to lift a corpse out of the path of the car. No words can describe the fire as a spectacle."

"It was like a gigantic scene staged by Nero, or a chapter from Tamerlane. It was so vast and complete

It's Just Like This!

If you were going to buy out a business, you would want an inventory—so you could check up and see that full value was there. You would not simply size up the building on the outside—and take someone's word that what was on the inside would serve your purpose! Starving Refugees

ATHENS, Sept. 21.—With thousands of refugees arriving daily from Asia Minor, and an insufficient wheat supply at home, Greece is confronted with a food problem so grave that international help, given quickly, may alone save thousands from starving.

Already some 200,000 refugees are here. Three days' supply of wheat has been purchased in Egypt, and Greek banks have agreed to turn over to the Government about \$100,000 in foreign exchange to finance further purchases of wheat abroad. This will insure a supply for a fortnight, after which it is hoped wheat may be available from Thrace, and perhaps the United States.

Meanwhile everybody is eating bread made from unrefined wheat. Some estimates place the number of

MILL WOOD

Are You Considering Saseenos

For a Summer home—for a permanent home—for farming? Better let us take you out now, before the best of it goes. Still many good plots to choose from, but these are going fast. The property was only put on the market June 1st, 1921—since then 62 parcels have been sold. Within a month we hope to have both water on the roads and a daily bus service on the railway. Both good reasons for increasing prices. We will probably do this soon, so come in and arrange to look it over. We can take you out and get you back in three or four hours any day in the week—no obligation to buy.

SEE IT NOW.

High Prices for Scots
NEW YORK, Sept. 21.—Three seats on the New York Stock Exchange were sold today, one for \$89,000 and each of the others for \$88,000.

Large Sum Involved
MONTREAL, Sept. 21.—Alphonse Constant, an architect, Montreal, appeared in the police court this morning before Judge Cusson on a charge of appropriating to his own use the sum of \$31,300, the property of the Sisters of the Precious Blood at Ottawa. Bail was set at \$10,000.

The only preparation of its kind on the market.

"DAINTY WHITE"

Used by French housewives for over 50 years—now made in Vancouver by Mme. Lethullier, formerly of Paris and Havre.

It bleaches linens and cottons; makes your table linen, lingerie, personal garments as white as snow.

It Removes Stains Perfectly
By simply soaking the stained garments in a solution. Blood, Fruit, Tea, Coffee and other stains are perfectly taken out.

No Boiling Required—will not injure even the most delicate fabric—in antiseptic.

Sold in quart bottles at all grocers.

See Display and Demonstration of Dainty White in Woman's Building, at Fair Grounds

If your Grocer hasn't got it, drop a card or phone W. L. MacDonald & Co. Distributors, Rogers Building, Vancouver, B. C.

SCIENTISTS TEST RELATIVITY THEORY

World's Leading Astronomers Studying Sun's Eclipse—Einstein's Claims to Be Settled

NEW YORK, Sept. 21.—The Einstein theory of relativity will be on trial today. The test will be made by expeditions which have gone to Australia to make observations during a five-minute eclipse of the sun. American, English, German and Dutch scientists are included in the several parties. The track of the total eclipse is along the Indian Ocean and through the heart of Australia.

An expedition from the Lick Observatory, California, is on the west coast of Australia. Others are on Christmas Island, west of Australia, and one has penetrated into the heart of Australia.

SYDNEY, Australia, Aug. 29.—More than thirty tons of scientific instruments, to say nothing of a specially constructed wireless plant, will be hitched to a ray of starlight at Wollai, West Australia, September 21, when months of preparation and arduous travel will end in five minutes' observation of a total solar eclipse.

The party at Wollai, headed by Dr. William W. Campbell, of Lick Observatory, California, and numbering about twenty-four trained observers and their assistants, expects in the 300 seconds of the eclipse to confirm or destroy Dr. Albert Einstein's statement that a ray of light at starting in its 86,000-mile-per-second journey to the earth bends to the attraction of the great heavenly bodies it passes at top speed instead of pursuing a straight and narrow path.

Remote Wollai was chosen as the observation point on account of the peculiar dryness of its atmosphere which makes for clear visibility in tracing the star ray while old sun goes into brief retirement.

VISITORS SPEAK AT ROTARIAN LUNCHEON

British Member of Parliament and One Victoria and Two Montreal Rotarians Give Addresses

Mr. W. Perring, member for North Pridington, London, Rotarians William Findlay and Pemberton Smith, Montreal, and Rotarian Wallace Terry, Victoria, were the speakers at yesterday's Rotary luncheon in the Empress Hotel.

There were a considerable number of visitors at the luncheon, including Rt. Hon. the Earl of Strathford, and members of the Montreal Board of Trade. President James Adams presided in the absence of President Scurrah.

Mr. Terry outlined briefly a plan for the Rotary Club to get behind the improvement of the Island Highway and form a permanent committee to work to the end that the paving might be extended at least as far as Nanaimo. He pointed out that the Portland Rotary Club had built a Rotary drinking fountain on the fine Columbia Highway, and he suggested that the local club do the same on the Island Highway. He asked the directors to consider the matter.

Mr. Pemberton Smith, a director of the Montreal Rotary Club, spoke briefly in humorous and interesting his fellow member, Mr. William Findlay, who outlined some of the work which the Montreal Club had been doing, and told of the surprise which the progress of the West had given the Montreal Board of Trade party.

Mr. Perring, who was here with the Montreal visitors, stated that while the United Kingdom was spoken of as the Old Country, it still had a "kick" in it. The fact that it had paid off millions of dollars of its debts and had brought back the financial centre to London after five of the worst years Britain had ever been through, testified to its vitality. The British parliamentarians visiting Victoria would return home with a new and wider vision, and would endeavor to induce others to come to Canada to reside.

AGENTS OF VICTORIA TO ASSIST CAMPAIGN

Fire Prevention Week Will Be Actively Supported by Local Insurance Association

At the monthly meeting of the Victoria District Fire Insurance Agents' Association, held yesterday, Mr. W. R. Day, president, in the chair, it was resolved to assist in every way the campaign in favor of Fire Prevention Week. This period is from October 2 to October 9, and will be observed throughout the length and breadth of the United States and Canada.

"When it is considered that the annual waste through fire in these countries is over \$100,000,000, and the far worse loss of precious lives, 15,000 in number, it is time to sit up and try, by education of the careless, to reduce this fearful state of things," said one of the speakers.

The association appointed Mr. D. W. Campbell to approach the School Board for permission for that gentleman to address different classes of pupils upon this subject.

Mr. Fred Landsberg was appointed publicity manager, especially to keep in touch with the press.

Messrs. A. C. R. Pitts, R. C. Hall, C. T. Swain and T. A. Brown are upon the General Purpose Committee, and Messrs. H. L. Cox and B. Russell Ker are a committee to approach the Boy Scouts, asking for their assistance.

The secretary, Mr. F. F. Patt, will request permission of the different service clubs to give short addresses upon fire prevention, and he will also invoke the aid of the ministers of the different denominations in calling attention to this national evil of preventable waste.

Mayor Marchant will be asked to help this organization in insisting upon a general civic clean-up of forgotten and dirty parts of the city, which increase the fire hazard so much, and the chief of the Fire Brigade will be asked to double his inspection duties, so that before Winter sets in a clean city will be the result of the campaign.

Victoria's record is a very good one in regard to fire losses, but there is always room for improvement, and the local association is going to do its utmost to pull down the loss ratio in the city.

RUMORED GOLD FINDS WERE EXAGGERATED

EDMONTON, Sept. 21.—Major Jennings, Superintendent of the Edmonton division of the Royal Canadian Mounted Police, states that patrols made on his instructions to reported gold strikes in the Gravel River, Fort Vermilion country, and on the Nahanni River and its tributaries, have now returned.

They report that there is nothing in any of the rumored strikes to warrant any stampede. Some showing of color has been obtained at several places but absolutely nothing to justify anything in the nature of a stampede. The country is wild, and the tenderfoot is advised against taking the trip. Full equipment for at least twelve months should be taken by any prospectors going into the country.

HARVESTING HELPED BY FINE WEATHER

Prospects Excellent for Getting in Whole Crop in Excellent Condition—Outlook of the Best

WINNIPEG, Sept. 21.—The perfect weather which is general this week over Manitoba has dried the rain-soaked grain and threshing once more is in progress everywhere. Rain during the early part of the month was not so plentiful in the western part of the Province as in the east, and it was possible to resume threshing in the western districts early in the week.

Four days of bright sunshine in succession have brought the harvesters out of their inactivity even in the Winnipeg and Brandon districts, where the rainfall was heaviest. There is nothing to indicate an early return of bad weather.

Hon. Neil Cameron, Minister of Agriculture, said today that he thought about 50 per cent of Manitoba's crop had been threshed and that a couple of weeks of present weather would see the greater part of the remainder put into sheaves.

GERMANS TO HELP

Arrangement Reported Whereby Berlin Interests Aid in French Reconstruction

BERLIN, Sept. 21.—The Berlin newspapers announced today that the contract was concluded in Paris, September 14, between a French construction syndicate, comprising 88 building firms, and a Berlin firm on the lines of the Stinnes-Lubersac agreement for the purpose of reconstruction work in the devastated areas of France.

It is expected 150,000 workers, of whom 40,000 will be Germans, will be employed on the work. The contract, it is stated, already involves 236,000,000 francs.

CONQUER DISEASE

German Scientists Claim to Have Won Battle Against the Dread Sleeping Sickness

LEIPZIG, Sept. 21.—That the medical world has won its battle against "sleeping sickness" was announced yesterday to some 3,000 physicians and physicians attending the centennial of the Physician's Association of Germany.

Professor Martin Mayer announced that a preparation which had proved successful, had been discovered in a laboratory near Cologne. He cited two cases of sleeping sickness that had been cured within a few days at a Hamburg institute for tropical diseases.

ATTACKS POLICY OF BRITISH GOVERNMENT

Viscount Grey Predicts Disaster Unless France and Britain Co-operate in Near East

LONDON, Sept. 21.—Grave warning of disaster to come unless Great Britain and France act together in the Near East, is uttered by Viscount Grey of Falloden, former Secretary for Foreign Affairs.

In a letter to The Times, Viscount Grey denounces the British Government's attitude as announced last Saturday regarding the permanent freedom of the Dardanelles as a terrible mistake, "the reply to which has been the withdrawal of the French flag from Chanak."

"If our mistake proves fatal to Franco-British co-operation," says Viscount Grey, "the consequences may be more disastrous than thought, measure or words can express."

"If the Government contemplates separate action in the Near East, we may be heading for disaster." The former Foreign Minister concludes by recalling the separate action of Great Britain in Egypt in 1882, which, however, ultimately ended beneficially to Egypt, but resulted in bad blood between France and Great Britain, which poisoned international relations for twenty-two years.

"A repetition of that situation in the present circumstances will endanger everything which it was hoped had been saved by the Allied efforts and sacrifices in the Great War," says Viscount Grey.

BELIEVE OFFICERS ACT PREMATURELY

Amalgamated Veterans Discuss Near East Trouble—General Currie's Remarks Are Endorsed

General Sir Arthur Currie's remarks in favor of an organization of ex-service men on broad enough lines so that all ex-service men could belong, were cordially endorsed at a meeting of the Canadian Legion, Victoria Post No. 1, Amalgamated Veterans, held on Wednesday night.

Viscount Grey's speech was discussed by the meeting and his remarks regarding unity among returned men met with general approval.

The possibility of a continent from Canada being required for the defence of the Dardanelles and Constantinople was discussed at length without any resolution being presented to the meeting. The opinion, however, was freely expressed that some who had previously held high positions in the Canadian Army were premature in their offers of assistance.

The rank and file, it was felt, however, would be ready to offer their services again should they be called upon.

Twenty-one new members were enrolled and a satisfactory financial report was presented. The observance of Armistice Day was discussed and it was decided to call a meeting of delegates of ex-service men's organizations to discuss this subject next Wednesday. The hope was expressed that a general holiday would be declared.

CANADIAN SOFT DRINKS

Thorpe's Exhibit at the Fall Fair Is Calculated to Encourage Home Products

Twenty or more different varieties of soft drinks, all of Canadian manufacture, are shown at Thorpe's exhibit in the Home Products building at the Fall Fair. Not a single U.S. patent is used by this company, which is out in popularized Canadian products.

City & District

Victoria Bank Clearings—Total
clearings for week ending September
21, 1922, \$2,068,431. For the cor-
responding week last year, \$2,303,524.

Home Cooking Sale—The Sunshine
Club of Victoria, Chapter No. 17,
O.E.S., is holding a home cooking
sale in Spencer's grocery department
on Saturday.

Sanctuary Health Centre—The usual
baby clinic will be held this afternoon
at 2 o'clock. It will be waiting
at the stores of Messrs. Carson and
Riley.

School Boundaries—A meeting of
the school trustees will be held this
afternoon to pass upon the bound-
aries of school districts as presented
by the Municipal Inspector, Mr. G.
H. Dean.

Canadian Authors' Association—A
meeting of the executive committee
will be held this afternoon at 5:15
o'clock in the Victoria Book and
Stationery Store, by kind permission
of Mr. Henderson.

Tranquilizer Sanatorium Drawing—
The winning number in the drawing
at the Tranquilizer Sanatorium exhibit
at the Fall Fair at the Willows was
187, held by Mr. Stinegar, 1523 Burton
Avenue, Victoria.

Mr. Coleman Coming—Mr. D. C.
Coleman, C. P. R. vice-president for
western lines, will arrive in the city
on Sunday. He is known
whether Mr. E. W. Healy, president
of the railway company, will arrive
on that day also.

Parking Infractions—William
Johnson was fined \$5 yesterday in the
city police court for parking his
motor car in front of St. John's
Church on Quadra Street. Mr. Duck
also paid the court \$4 for having
been guilty of a similar offence.

For "Billy Muir Fund"—There
was over four hundred people at
the dance held in aid of the "Billy
Muir Fund" in Semple's Hall on
Wednesday evening by Miss Audrey
Griffin and Mrs. Leo Daniel. The sum
of \$130 was realized.

Presentation of Certificates—Presenta-
tion of entrance certificates will
be made at the opening exercises to
be held at Oaklands School this af-
ternoon at 2 o'clock by Mr. George
Jay. The Governor-General's medal,
won by Dorothy Cronk, will also be
presented.

Service Button Lost—A returned
soldier's active service button, No.
2278, was lost in Victoria some time
ago by a visitor from Calgary. The
finder is asked to communicate with
the secretary of the Great War Vet-
erans, phone 3771, any evening after
7 o'clock.

Lecture on "The Wayfarer"—At 8
o'clock this evening at the Fairfield
Methodist Church the Rev. William
B. A. Cruz, B. A., of Victoria, will
give his lecture on "The Wayfarer."
Mr. Cruz is a very accomplished
speaker, and a good attendance is
expected. A cordial invitation is ex-
tended to all to come and hear him.

Equimont Methodist Church—At a
meeting of the Young People's Society
of the Equimont Methodist Church
tonight, Mr. A. Miller will read a
paper. The society will entertain the
Centennial Epworth League. All
members and friends invited. Mem-
bers of the society will kindly bring
refreshments.

Divorces Granted—Mrs. Gladys R.
F. Gilchrist obtained a decree absolute
against George L. Gilchrist, and
Mrs. M. Johnson secured a similar
decree against C. W. Johnson yester-
day morning in the Supreme Court
before Mr. Justice Murphy. The
petitioners were represented by Mr.
H. W. R. Moore, while the respond-
ents were undefended.

Party Leaves City—The Montreal
Board of Trade party, including a
number of British parliamentarians,
left yesterday afternoon for Vancou-
ver, en route for Prince Rupert.
Yesterday morning a number of mem-
bers of the party indulged in golf, while
the ladies were taken for a drive about
the city by the members of the
Women's Canadian Club.

Service of Song—Next Sunday
evening, at St. Andrew's Presbyterian
Church, a service of song will be
held, for which the choir has pre-
pared a special program of music.
Solo and duets will be rendered by
the following: Mrs. Jessie Longfield,
Mrs. W. Wright, Miss Beth Simpson,
Miss Ruth Melville and Messrs. Ken-
neth Angus and Wm. Melville. Rev.
A. C. Smith will give a ten-minute
address.

Mail Received—Mail has been re-
ceived at the office of the Great War

Her Two Children Had Diarrhoea Terribly Bad

Anyone suffering from bowel com-
plaints such as diarrhoea, dysentery,
colic, cholera, cholera morbus, cholera
infantum, or any other looseness of
the bowels, will find that Dr. Fowler's
Extract of Wild Strawberry will give
quicker and more permanent relief
than any other remedy on the mar-
ket today.

Mr. Roy Keith, Charlton, Ont.,
writes: "I am writing to tell you
what Dr. Fowler's Extract of Wild
Strawberry did for me. Last summer
my children had diarrhoea, terribly
bad, and they would vomit and pass
a great deal of blood. I tried every
remedy we could think of, but finally
bought a bottle of Dr. Fowler's Ex-
tract of Wild Strawberry, and about
one-half of it stopped the diarrhoea
altogether. I have told several others
about it, and I would not be without
it in the house, as I can truthfully
say it saved the lives of my two chil-
dren."

Price, 50c a bottle; put up only by
The T. Milburn Co., Limited, Toronto,
Ont.

Veterans' Association, Victoria, for
the following men: W. A. Hoot, from
Vancouver, B.C.; G. F. Roberts, from
Nelson, B.C.; and William Donnelly,
from St. John's, N.B. Any informa-
tion about the present whereabouts
of the above-mentioned men would
be appreciated by the secretary,
Great War Veterans, P.O. Box 974,
Victoria.

Action Dismissed—The suit brought
by H. D. Springall against H. L. Houli-
gate, whom he claimed owed him
\$149.49 in balance of wages due for
work done on the defendant's farm
on Mayne Island, was dismissed by
His Honor Judge Lammman yesterday
afternoon in the County Court. The
defence, admitted owing the plaintiff
the sum of \$52.60, which amount
was paid into court. Mr. M. H. Jack-
son, K. C., appeared for the plaintiff;
and Mr. N. W. Whitaker for the
defence.

Discuss Paintings—At the executive
meeting of the Island Arts and Crafts
Club held last night, the suggestion
was made that an effort should be
made to retain in Victoria for a longer
period some of the Canadian Na-
tional Gallery pictures which are now
being shown at the exhibition at the
Willows. It is generally felt that the
government having taken the trouble
to send a group of such interesting
paintings so far as the Coast, it would
be a pity to have the time so limited
for seeing them. The matter is being
taken up with the proper authorities.

Free Lecture—At the New Thought
Temple, 935 Pandora Avenue, today,
at 8 p.m., Dr. T. W. Butler will give
a lecture on "Developing the
Fourth Dimension." The lecture will
be "The Development of the New Man."
All interested are invited to attend.

Cedar Hill Community—The Lake
community centre will hold a
building bee on their lot, corner of
Jackson and Quadra, each Saturday
and Wednesday afternoon until fur-
ther notice. All who can spare the
time are invited to be on hand, even
if they cannot remain throughout the
meeting.

Committed for Return—Stephen
Powers, who has been held for two
months by the local police at the
instance of British authorities in
China, was yesterday morning in the
Prison pending return to China, in
connection with charges which have
been made there that he misappropri-
ated funds of the Sun Life Assur-
ance Company of Canada. Following
the court order, Mr. R. C. Lowe,
counsel for Powers, filed notice of an
application for a writ of habeas
corpus. The Crown was represented
by Mr. H. A. Maclean, K. C.

Gyro Club Dance—The Gyro Club
will open the season with a dance
at the Gyro Hay Hotel this evening,
commencing at 8 o'clock, and
continuing until 2:00. Tickets are re-
ported to be selling well, and as they
are limited to two hundred and fifty,
those desiring to attend are urged to
get their tickets as soon as possible.
A special orchestra will play under
the direction of Gyro Chris Wade. The
hotel has been specially decorated for
the occasion, and the Gyro themselves
supper arrangements are in the hands
of the hotel management. Dress is
optional.

Heal Is Acquitted—Earl Heal, of
Sanich, was yesterday acquitted in
the Provincial Police Court by Mag-
istrate Jay on a charge of "stealing
two fishing rods, rods and lures,
with about 200 feet of line on each,
the property of the Brentwood Hotel
Company." Heal has two more cases
of theft to face, and these will be
heard in the Provincial Police Court
on Saturday morning at 11 o'clock.
Harold Stacey pleaded guilty yester-
day on three counts of theft, and was
sentenced to three months in the
House of Correction. Heal was
defended by Mr. R. C. Lowe,
while Stacey was represented by Mr.
Alexis Martin.

Chinamen Fined—He and fifteen
other Chinamen, who were caught in
a common gaming house on Sunday
last in Fan Tan Alley, were yester-
day fined in the Provincial Police
Court by Magistrate Jay. The fines
were \$25 each, and \$250 costs, for
one month's imprisonment in the
House of Correction. The case was
heard by Magistrate Jay in the police
court. A fine of \$15 was advocated
by Mr. Ernest Miller, counsel for the
accused, but the court held that there
were no cut rates in law. The con-
victed Chinamen were found in the
house where the paraphernalia was
located by the police. The other 22
Chinamen, who were also caught in
the raid, but were not prosecuted in
the case, were not prosecuted by the
Crown.

Wants to Vote Here—A prisoner in
St. Quentin penitentiary, apparently
desirous of being able to exercise the
franchise here when he concludes his
sentence in the California prison
within a very short time, has written
the following epistle to the Supreme
Court Registrar, Victoria: "Dear Su-
preme Court Registrar.—Enclosed
herewith is letter of Mayor of
Victoria kindly I beg to leave
right Justice for have your per-
mission to vote in election time.
I'll be out this October 3, and
after seeing my dear wife and my six
children, I will visit my dear Vic-
toria. Believe me to be, yours
obediently, etc." The applicant for
the privilege of voting will be in-
formed that he must be a British
subject, must have resided in this
Province for six months and in
"dear Victoria" for one month.

Splendid Window—Much interest
has been taken by local citizens in the
fine window display which may be
seen this week at the head store of
Hawkins & Hayward, electrical en-
gineers, at 1103 Douglas Street, near
Fort Street. In the centre of the
window is a washboard and
broom, while in the other is to be
seen an electric washing machine and
a vacuum cleaner. Boards in the
window advise foolish wives who are
"wasting youth and beauty" by using
the broom and washboard, that they
should abandon their present prac-
tices and should use modern electrical
appliances. The window is arranged
in a very artistic style and has been
the occasion for comment on its
novelty.

PROPERTY OWNERS MAY SECURE RELIEF

City Treasurer Asks Owners Who
Wish to Save Land From Sale by
New Plan to Notify Him

Owners of lands which are liable to
the proceedings of tax sale to be held
on September 30 under existing by-
laws, are being asked by City Treas-
urer Edwin C. Smith to inform him
if they wish to take advantage of the
relief plans which the City Council
has decided upon and for which
valuing legislation will be asked
by the city at the next session of the
Provincial Legislature.

Setting forth the relief measures,
the city treasurer has issued the fol-
lowing statement:
"I am directed to draw your at-
tention to the relief measures recom-
mended in the report of a special
committee of the City Council, which
report was adopted by the said
Council on August 28, 1922, to which
measures the Legislature of this
Province at its next session will be
asked to give legal approval.

"The portion of such report re-
lating to lands on which there are
now arrears of taxes consolidated in-
to a capital sum for interest and in ten
equal annual instalments reads as
follows:

"In regard to capital sum delin-
quency whose holdings would, in
the ordinary course, go to tax sale
this year.

"It is recommended that tax sale
of such properties be not held, upon
condition that the owner, on or before
September 29, pay half of this year's
taxes, including half of local im-
provement, if any, and enters into
an agreement with the City, under-
taking to pay the remaining half of
this year's taxes, including local im-
provement, if any, on or before
December 29; to pay the entire
amount of arrears, within fifteen
years; to annually pay six per cent
interest thereon; and to annually pay
current taxes, etc. Upon failure in
any of the covenants of the agree-
ment to become cancelled, subject only
to six months period of grace during
which reinstatement may be obtained.

In the event of reinstatement not be-
ing made, then, at the end of the six
months period of grace, the agree-
ment to terminate. Credit, however,
to be allowed for all payments that
have been made under the agree-
ment. A further six months then to
be allowed, and if, during that time,
the entire balance of the arrears set
out in the principal sum of the agree-
ment, together with interest thereon,
is not paid to the City, then the
property, forthwith, at the ex-
piration of the said six months, and
without the process of tax sale, to
revert to the absolute ownership of
the City.

"Those whose lands are liable to
the proceedings of tax sale to be held
on September 30, 1922, under ex-
isting laws, of which due notice has
been given, are requested to inform
me forthwith if they desire to take
advantage of the terms proposed,
stating what property they intend to
protect from tax sale, and I will then
inform them of the amount of the charges
of which payment will be deferred, and
also give the amounts necessary to be
paid by September 29 and December
29, respectively, and also submit the
form necessary to be signed by you.

"It is desired that immediate notice
be given me in order to avoid con-
gestion just previous to the day of
tax sale."

MAQUINNA SAILING BEHIND SCHEDULE

Two full days late, the Princess
Maquinna, Canadian Pacific West
Coast steamer, will be sailing from
Victoria for Quatino and way ports
tonight at 11 o'clock. The Princess
Maquinna, which has made two trips
out the outside Coast run while the
Maquinna has been repairing, has
been withdrawn and will be over-
haul before going back to her
customary winter run to Alaska.

WONDERFUL THE WAY IT HELPED HER

So Writes Mrs. Lemery
Regarding Lydia E. Pink-
ham's Vegetable Compound

Brookville, Ontario.—"I took
Lydia E. Pinkham's Vegetable
Compound for weakness and fe-
male disorders. I was so weak
at times that I could not stand up.
I had been nearly three years
and the different medicines I had
taken had not done me any
good. I found one of your little
books in my door one day and
thought I would give it a trial.
I am now on my fifth bottle and it
has helped me. I am feeling much
better, have no weak spells and can do all my
work now. I am recommending
your Vegetable Compound to all I
know and you can use my testi-
monial to help other women."—
Mrs. Lemery, 176 Abbott St.,
Brookville, Ontario.

Lydia E. Pinkham's Vegetable
Compound is a medicine for women's
ailments, and has a record of
nearly fifty years behind it.

The Depend- able Victor Victrola

THE Genuine Victor Victrola
and "His Master's Voice."
Records form a combination
for the reproduction of music
which stands absolutely supreme.
Proof of this fact is apparent
when one considers that every
artist of world-fame will sing or
play only for the Victrola. To
hear these artists at their best
you must select the Genuine Vic-
tor Victrola and "His Master's
Voice" Records.

All Victrola models are
shown here, and very
easy payment terms will
be allowed.

Mrs. A. C. Burdick has returned from a very enjoyable trip to Eastern Canada.

Mrs. Eaton was a bridge hostess, with three tables, at the Barracks on Wednesday afternoon.

Mrs. R. J. Roberts has returned to Victoria after a visit to her daughter, Mrs. J. O. Walcott, at Cowichan.

Mrs. W. Wagg, of Kerrisdale, B.C., is visiting her sister, Mrs. B. S. Anderson, 1533 Jubilee Avenue.

Major and Mrs. A. C. Fitcher have returned from Cowichan Lake, where they enjoyed some excellent fishing.

Yesterday afternoon Mrs. John Galt, Rockland Avenue, entertained at a small bridge and five hundred tea.

Mr. and Mrs. M. G. Beattie, Parkville, motored to Victoria on Tuesday and are guests at Glenahiel Inn.

Mr. and Mrs. Burford Hooke, who have been guests at the Glenahiel Inn for some weeks, left on Tuesday for Regina.

Owing to the indisposition of the director, Mr. P. L. Lynwood, and by the order of his doctor, the rehearsal for the Autumn Carnival will be postponed until Monday.

Mrs. H. J. Keuchler, of Stockton, Cal., who has been visiting her sister, Miss Blume, 457 Quebec Street, for the past three months, has left on her return to her home.

Mr. and Mrs. T. C. Thomson, of Shanghai, who have been visiting Australia and New Zealand, have arrived in Victoria and are guests at Glenahiel Inn.

Mrs. S. G. Richardson and Miss F. W. Richardson, Hamilton, Ont., are now staying at the Glenahiel Inn, after spending the Summer months at Galiano Island.

Mrs. Frank S. Easton, Mexico, is a guest at the Glenahiel Inn. Mr. Frank S. Easton, who had also been staying at the Glenahiel Inn, left for Mexico last week.

Mr. Kingsley Terry is leaving Victoria today, and returning to McGill, Montreal, after spending the Summer visiting his parents, Mr. and Mrs. W. B. Terry, St. James Street, Oak Bay.

Mrs. Eustace Hopkins, with her mother, Mrs. Smith, and her infant son, left on Wednesday night's boat for her home at Hopkins' Landing. Mrs. Hopkins has been spending the Summer with her mother at Victoria.

Mr. A. A. Smart, of F. D. Goodchild & Company, Mr. R. J. Kennedy, Hyslop Street, and Mr. R. T. Munson, Hilder & Stoughton, all of Toronto, Ont., are visiting Victoria for a few days on business.

Following the opening of the Fall Fair on Wednesday afternoon, Lady Currie was presented with a beautiful basket of bronze and gold chrysanthemums, the gift of The Rosary Floral Decorating Co.

Mrs. Clement Sneyd, of Glenora Lodge, Vancouver, who accompanied her cousin, Brig.-General and Mrs. W. O. H. Dodds, to the Capital, is the guest of her sister, Mrs. Arthur Dyde Lindsay, 832 Newport Avenue, Oak Bay.

Among the guests recently registered at Glenahiel Inn are Mr. and Mrs. A. L. Roberts, Vancouver; Mrs. H. C. and Miss Ethel Howell, Burnaby; Mrs. M. I. Baker, Seattle; Mrs. Alexander Marshall, Mrs. G. R. Turner, Miss Annie Pickersgill, Vancouver, and Miss Ursula Dobson, Nanaimo.

A very pleasant birthday party was held on Wednesday at the home of Mr. and Mrs. P. C. Barker, 77 San Juan Avenue, in honor of George Francis (Buddie) Barker's first birthday. Nine children were present, including: Cathie White, Irene White, Margaret McCleave, Vera Barker, Beanie Barker, Willie White, Clifford Barlow and Miss Hilbert.

Mrs. W. F. Burton, St. Charles Street, was among yesterday afternoon's tea.

noon's tea hostesses. The centerpiece of the tea table in the dining-room was a gracefully-arranged bowl of tea roses and blue jessamine, and in the reception hall and drawing-room, where three tables of bridge were in progress during the earlier part of the afternoon, Michaelmas daisies and pink and white dahlias were effectively placed.

Announcement has been made that on October 2 the Native Daughters of B.C. Post No. 1, will hold a bridge party at the Alexandra House, under the joint sponsorship of Mrs. Harold A. Beckwith and Mrs. C. B. McDonnell. During the evening refreshments will be served, and although final arrangements have only recently been completed already a number of guests have been secured, which augurs well for the success of the undertaking. Reservations may be made by notifying either of the conveners.

Last night the home of Mr. and Mrs. J. G. Hay, 654 Dallas Road, was the scene of a farewell party given to Miss Dorothea Hay and Mr. Cecil Hay, who are leaving on Saturday for Montreal, where they resume their studies at McGill. Miss Hay has completed her second year in Arts, and will specialize in chemistry, while Mr. Hay finished his fourth year in medicine last June, and passed with very high honors. During the past Summer he was attached to the Provincial Royal Jubilee Hospital for three months. Last night the guests included many of the host's and hostess' former school friends. The rooms and supper table were charmingly decorated with Virginia creeper, shell-pink sweet peas and mauve asters.

SAANICH

Mrs. James Murray paid a visit to Brentwood on Tuesday.

Mrs. Russell and daughter Jean have been visiting friends in Seattle for the past week.

Miss Margaret Mitchell, of Keating, returned home after spending a few days in Victoria as the guest of her friend, Miss Florence Young.

Miss Doris McKenzie, who has been residing in Portland for several months, has returned to her home at Saanich.

CUMBERLAND

Mr. and Mrs. Dan Stewart left on Monday for Victoria on a visit.

Mrs. J. Bryden and little son, Peter, are visiting Miss M. Tarbell.

Mrs. F. McCarthy returned on Saturday from Victoria.

Mrs. J. Bruce returned on Saturday from Vancouver.

Mr. A. Davies, of Nanaimo, was in town for the week-end.

Mr. and Mrs. Hayworth spent the week-end in Ladysmith visiting relatives.

Mr. R. Robertson and Mr. D. Richards returned on Sunday from a visit to the Mainland.

Mr. and Mrs. W. Hutton and Mrs. J. Sturt motored to Victoria on Friday.

Dr. R. P. Christie motored to Victoria Sunday night, after taking part in the sacred concert.

Mr. A. A. MacDonald, of Vancouver, deputy fire marshal of the Province, was in town on Thursday.

Mr. and Mrs. T. Munford motored to Victoria on Friday and are visiting relatives.

Mr. Taylor, of Vancouver, Provincial inspector of electricity, paid a visit to town on Thursday.

Mr. and Mrs. C. Parnham and Mr. and Mrs. J. Cameron left for Seattle and Everett on a visit to Mr. Parnham's mother, by motor.

Mrs. Freeman and child, of Vancouver, arrived on Saturday on a visit to her parents, Mr. and Mrs. D. Stewart.

Mr. Wilson, accompanied by his wife and child, arrived in town on Sunday from Calgary. Mr. Wilson is the new goalkeeper for the Cumberland senior football team.

JAMES ISLAND

Mrs. Stoddart and two children, of Victoria, spent last Sunday here visiting Mrs. J. Van Norman.

Mrs. J. Van Norman entertained with two tables of bridge last Saturday evening. The guests included Mr. and Mrs. R. H. Lyons, Mr. and Mrs. F. Noonan, and Mr. and Mrs. C. W. Holland.

Mr. and Mrs. W. Rivers and party and Mr. and Mrs. W. H. Thomas and party motored to Butchart's Gardens last Sunday morning, later proceeding to Deep Cove to visit Mrs. C. C. Woodworth, a former resident of James Island.

NANAIMO

A quiet but pretty wedding was celebrated at 12 o'clock last Wednesday at the home of Mrs. T. Mahoney, Victoria Road, when her only daughter, Miss Margaret, was united in marriage to Mr. David Barrie, son of Mr. R. C. Barrie, Nicol Street. The bride, who looked charming in a handsome gown of white satin, with georgette over-skirt, wearing a bridal veil with wreath of orange blossoms, and carrying a bouquet of white carnations, was given away by her brother, Arthur, and was attended by Miss Eliza Barrie, sister of the groom, wearing a gown of navy blue satin, trimmed with white silk braid and carrying a bouquet of pink carnations. The groom was supported by Mr. Robert Mahoney, brother of the bride, the ceremony being performed by the Rev. W. C. Mahoney, of Telkwa, B.C., also a brother of the bride. Mr. and Mrs. Barrie left on the afternoon train for Victoria, en route to Seattle and Vancouver. On their return to the city the young couple will be tendered a reception at the home of the bride's mother on Tuesday evening next, and will take up housekeeping on Mah Street.

The air which we breathe extends upward for about 12½ miles.

SCHOOL EXHIBIT IS EDUCATIONAL

Parents Impressed With Educational System Used in Public Schools, as Demonstrated at Fall Fair

To the parents and children who have attended the Fall Fair at the Willows, it is safe to say that few of the attractions have proved more appealing than the school exhibit on the upper floor of the Home Products Building. The demonstration, by exhibitions of school work of the system of instruction used in the primary and intermediate grades of the Victoria public schools, surprised many of the uninitiated who had not given serious thought to the importance of an educational plan for the young scholars to instill knowledge by suggestion and in a manner that will not prove tedious. The samples of work done in the primary grade indicate a skilful blending of work and play. Paper cutting and pasting, always with an object in view, prove to be one of the methods of instilling early knowledge into the young pupils by the samples shown.

Examples of drawing done by scholars of the Junior grades were a surprise to many. Hockey scenes drawn by youngsters of seven years of age, showed that even at this early age the children are taught the value of observation and originality. Still in the Junior grade, but obviously the work of scholars of more mature years, some clever colored drawings were on exhibition. The young people are evidently encouraged in their ambitions, for no easy subjects are chosen. A picture of the James Hay boat, "The Bluebird," has been drawn and painted by one scholar, but the most ambitious effort was one of a scene on the Spanish Main.

An exhibit of maps done by intermediate scholars demonstrated an effective system of impressing the students with the characteristics and industries of the country which the maps represented. Appropriate pictures clipped from books are pasted on the maps, and also small specimens of the commodity which a given section of the country is noted for.

Pattern designs by scholars of the senior departments showed much originality and care in execution, and a good taste in color blending. Samples of produce grown in the school gardens and examples of the work of the domestic science class were voted by many of the visitors as ample justification of these two important courses of study.

Work done by High School students in the technical department, which has previously been referred to, aroused much admiration. The library tables, hat stands, cabinets, writing desks and many other articles of woodwork would bear comparison with work of experienced artisans, was an opinion generally expressed.

LADIES MEET AT HAPPY VALLEY HALL

The Colwood and Luxton Women's Institute held their regular monthly meeting in the lecture room of the Happy Valley Mission Hall on Wednesday. The secretary presented a report of the last dance held in aid of the piano fund, showing a net profit of \$55.32. Mrs. E. Pratt, Mrs. M. Baxter and Mrs. A. S. Burgess were appointed as delegates to represent this institute at the annual district institute conference of Vancouver Island, to be held in Victoria on October 11, 12 and 13.

A resolution was read from the Dominion Council of Health strongly advising that all persons submit themselves to an annual medical examination for the greater prevention of disease. After some discussion this was laid on the table for future consideration.

Mr. Laing, editor of The Government Agricultural Journal, gave a very interesting talk on legislation and how it has affected women's attitudes since they were formed in British Columbia. The address was very much appreciated by those present, who showed their great interest in the subject by asking numerous questions which Mr. Laing obligingly answered.

A tea was served by the Happy Valley members.

They were unattended and are spending a honeymoon as guests at the Empress Hotel, after which they will reside in Seattle.

BELGIUM'S ACCOUNT

Germany's Reparation Payments Are Fixed at Large Amount, Following Negotiations

PARIS, Sept. 21.—Belgium, under priority in reparations, will be entitled to five hundred million gold marks in addition to the 270,000,000 marks to be paid her by Germany in discountable notes in the next few days, according to estimates by the reparations experts. This 500,000,000 marks is a comparatively rough estimate of the amount that will be due Belgium at the end of this year, after allowance has been made for probable German deliveries of merchandise.

Murderer Must Hang

BRANTFORD, Ont., Sept. 21.—Chief Justice Meredith this morning sentenced Harry Dent, Armenian, to be hanged on Friday, November 24, for the murder of his landlord, Peter Egoian, on April 24 last.

DETROIT, Mich., Sept. 21.—The plants of the Ford Motor Company in the Detroit district, closed last Saturday because of the coal situation, thereby throwing 100,000 Ford workers out of work in different parts of the country, will reopen tomorrow morning, it was officially announced. Orders for the reopening were telegraphed here today by Edsel B. Ford, president of the company, who is in Cincinnati.

Mr. Ford said cancellation of the Interstate Commerce Commission's service order No. 23 had made it possible again to obtain coal.

Canada Co-operates

WASHINGTON, Sept. 21.—The Canadian Government in further co-operation with American authorities in stopping the flow of liquor into the United States has decided to place agents in all liquor export establishments in the Dominion, Prohibition Commissioner Haynes announced today.

CALGARY JOINS HANDS WITH NEW MOVEMENT

France-Canada Committee in Prairie City Includes Several of Principal Citizens.

On the occasion of the visit of the French Mission sent to Canada by the "France-Amerique" Committee of Paris, and directed by Mr. Gabriel-Louis Jarry, a prominent official of the Conseil d'Etat of the French Republic, a "France-Canada" committee has just been formed in Calgary for the purpose of developing intellectual, political, economic and social and personal relations between the Canadian West and France. A provisional committee composed of twenty of Calgary's leading citizens was formed to assume the task of organizing the new society, amongst whom is included: The Catholic Bishop of Calgary and his vicar-general, Rev. Dr. MacTae, pastor in Calgary and principal of the Western Canada College; Dr. Stanley, president of the Canadian Club, and Mr. and Mrs. de Roussay de Sales.

LEAGUE OF NATIONS

Increased in Number of Council Approved at Geneva Meeting—Watch Near East Situation

GENEVA, Sept. 21.—The Council of the League of Nations decided today to increase the non-permanent membership of the Council from four to six. This will make the council membership ten, with the non-permanent members in the majority.

News received here that the German Socialist Convention had called upon the German Government to apply for admission to the League of Nations has aroused great interest in league quarters.

Paper Suppressed

LEIPZIG, Sept. 21.—The state tribunal, created under the recently enacted law for the defence of the republic, has approved the suppression by the Prussian Government of Hugo Stinnes' newspaper, The Deutsche Allgemeine Zeitung, because of its published attacks on the Weimar Government.

DAVID SPENCER'S ATTRACTIVE SHOW

Furniture in Four Handsome Rooms Is All Made in Canada, and Mostly in Victoria Workshops

Messrs. David Spencer, Limited, have contributed to the success of the Fall Fair with two interesting exhibits, one in the Main Building, where a demonstration of washing machines and vacuum cleaners is shown, and the other, their main exhibit, occupying about 50 feet of floor space, in the Home Products Building.

Four handsomely furnished rooms are represented in the Home Products Building: two living rooms, the furniture for which was made in Victoria workshops, a dining-room, the furniture for which was made in Canada, and a bedroom furnished with British Columbia-made furniture. A three-piece show-room suite representing the Louis XV period, consisting of a chest-of-drawers, a bed, and a dressing-table, seven feet long and two large chairs, proved to be among the most attractive suites. The frames are of mahogany and it is upholstered in British damask, with a design in gold and taupe on a nut-brown ground. Both chairs and chest-of-drawers have real down cushions, and either piece of furniture is certainly one into which a tired person could relax with supreme comfort.

The pieces shown are representative in quality of the upholstered furniture made by the firm's artisans in their Victoria workshop. The designs are particularly beautiful and the best materials are used in the unseen parts. The coverings feature the latest designs and colorings, while throughout the whole the evidence of superior workmanship is plainly seen.

The second living-room suite contains a chest-of-drawers and chairs upholstered in the latest fashion coverings of figured mohair, relieved with plain mohair panels. Both suites represent the new tone prevailing in upholstered coverings.

The handsome nine-piece solid mahogany dining suite shown represents Canadian living throughout. The bedroom scene setting off an ivory bedroom suite that was envied by thousands of visitors was complete.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How To Treat

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach, and not, as some believe, to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food acids, causing the disagreeable symptoms which every stomach sufferer knows so well.

A artificial digestant is not needed in such cases, and may do real harm. Try taking a few drops of a few ounces of Bismuth Magnesia and take a teaspoonful in a quarter glass of water right after eating. This soothes the stomach, prevents the formation of excess acid and there is no more gas or pain. Bismuth Magnesia (in milk) is harmless to the stomach, is expensive to take and is the most efficient form of Magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion. (Advt.)

complete to the lady posing at the dressing-table.

The rugs used in the three rooms illustrate the alternating line border with plain centre, representing the new trend of the English carpet fashion. The display lamp shades, which aid in the effectiveness of the exhibit, are made in the Victoria workshops of David Spencer, Ltd.

MODEL MACHINERY

Exhibit in Home Products Building at Fall Fair Shows Very Interesting to Boys

A model of a torpedo destroyer, remarkable for its exactness and representation of the minutest details, shown by Mr. A. Wansborough Jones, Okanagan Mission, Kelowna, B. C., as an exhibit, on the upper floor of the Home Products Building at the Fall fair, is well worth seeing. Mr. Jones has also a display of model engine supplies with the object of encouraging boys to build up their own machinery. The making of inventors' models was also featured.

THE BUNGALOW IS TASTEFUL EXHIBIT

Visitors to Fair Have Admired Display of Nursery and Other Furniture Shown by Weller Bros.

"The Bungalow," Weller Bros., Ltd., exhibit in the Home Products Building at the Fall Fair is one of the novel displays which have contributed so much to the success of the exhibition. The space at the disposal of the firm has been made to represent a comfortable four-roomed bungalow, and their motto "We Create Homes" is well sustained by the appealing homelike nature of the display. Incidentally, it may be mentioned that the furniture is all of their own design and manufactured in their workshops in Victoria.

A nursery, reception hall, living-room and parlor are shown and originality and taste is evidenced in every room. The nursery has been greatly admired by the many visitors. A toy table, three chairs, a bench and a toy cabinet, all made by the complete suite and to give the nursery the realistic touch a toy elephant, a train, and a few other toys are scattered around. The furniture, though pleasing to the eye, is solid and unbreakable and built to withstand any use which youngsters in their superabundance of healthy spirits may put to it. It is also constructed with an eye to the needs of the youngsters, so that no fear of falls from high distances or bumps on dangerous angles need be feared, but in still bearing in mind these essential facts the designers have produced a suite that is an ornament to any room in a house.

Mr. A. Lenn, who is in charge of the exhibit, draws attention to the fact that suites of this nature can be designed in any style desired, with any decorations that may be chosen.

The reception hall is simple, being composed of a three-piece Chesterfield suite.

A realistic fire gives a cozy appearance to the living-room. A chair is exhibited to show how effectively loose covers can be used to rejuvenate old furniture at a light expense. The new style day bed, used in place of a couch, is also featured.

LAUREL CANNERS AN ASSET TO CITY

Purchase All Fruit and Vegetables Used for Their Products in Victoria and District

Gordon Head and Saanich fruits held pride of place in a fine exhibit of canned and bottled goods in the Home Products Building of the Provincial Fair by the Laurel Cannery, Victoria. Mr. W. D. Johnson, who is in charge of the exhibit, proudly draws attention to the fact that the complete industry is in Victoria enterprise as far as it is possible to make it, and apricots and peaches are the only fruits which Mr. W. J. E. Eade, the manager of the Laurel Cannery, has had to go outside of the district to secure.

The enterprise which has helped to build up the business is shown in several recent innovations. Taking advantage of the abundant crop of cherries this year, the Victoria firm put up a cherry jelly, the first cherry jelly it is claimed ever manufactured commercially, and have secured a product as firm and solid as the popular currant jellies. Mr. Johnson, in drawing attention to loganberries and canned loganberries, mentions the interesting fact that the loganberries have had fifty per cent of the apical portion cut out to make a jam which is the equal of any other jam on the market.

There is, however, a greater demand for raspberry jam than loganberry, but in view of the fact that enough raspberries are not grown in the district while loganberries are going to waste, the Laurel Cannery are very commendably endeavoring to popularize the loganberry products. Mr. Johnson claims that loganberries which they have canned will turn out as fresh and bright as berries just picked and in this respect lend themselves to preserving operations better than any other berry.

The abundant crop of pears has kept the works so busy that there are branches of the industry which have had to be overlooked temporarily, but the company are going right ahead with their plans of extending a business which means a great deal to Victoria and district, both on account of the payroll for their own employees and for the fruit and vegetable grower.

HAND-MADE COOPER WORK IS ADMIRRED

Hand-made samples of the cooper's art, the work of Mr. H. Wilkinson, 3510 Saanich Road, have been admired by hundreds of visitors to the Fall Fair during the last four days. Ovals for ship's breakers, artistic oak jardiniere and wine casks, some completed and some in course of completion, are on view, how the work is done, are on view, and the work Mr. Wilkinson claims is done to the high standard of Trinity House, London. Mr. Wilkinson's novel exhibit, curiously enough, is the result of an overabundance of fruit. Being a fruit farmer on the Saanich Road, and finding the market glutted, he turned his attention to his old trade at which he served a seven-years' apprenticeship with brewery firms in Burton-on-Trent, England.

TOOK TWO WEEKS TO PREPARE MODELS IN BUTTER AT FAIR

One hundred and fifty pounds of butter are used in making the three framed models shown at the exhibit in the main building by the Central Creameries of B.C., Ltd. The whole exhibit is solid butter, and a thousand pounds of ice is used to keep it firm. An excellent representation of the Parliament Buildings, a model of the familiar "Our Own Brand" delivery truck, and two happy-looking butter boys, presumably delighted with the flavor of the butter, make up the exhibit, and the artist who planned and constructed the models took two weeks to prepare them. The accuracy and attention given to details and the faithful likeness of the Parliament buildings were highly commended by operators. Mr. Frank H. Partridge, the local representative of the firm, whose product comes from Alberta,

draws attention to the fact that 121 grocery and butcher stores in Victoria stock this butter, and it is because of the liberal patronage British Columbia people have given since the Victoria office was opened, a year ago, that the exhibit is made. The butter arrives in Victoria within four days of the time it is churned. The cream is selected on the grading system, and is highly pasteurized before churning, ensuring a uniformly high quality of butter. An efficient delivery system and a quick turnover of butter, so that it is always fresh, has enabled the firm to extend so quickly in Victoria.

GREEK-AMERICANS ARE READY TO SERVE

NEW YORK, Sept. 21.—In a cablegram sent to Premier Lloyd George at London, members of the Pan-Ionian League, composed of Greek-Americans and Greeks originating from Asia Minor, offered to join any British expeditionary force which might be formed against the Turks. A message was sent also to Premier King, of Canada, seeking permission to be included in any Canadian forces sent against the Turks.

The message to Premier King, reads: "Thousands of Greek veterans in the United States are eager to enlist in the Canadian contingent and we pray your excellency to grant us this privilege of sharing with our

Canadian comrades the honor of defending the rights of humanity and civilization in the Near East."

ANOTHER HOMER FOR RUTH

DETROIT, Mich., Sept. 21.—Babe Ruth hit his 15th home run of the season in the seventh inning of today's New York-Detroit game. One runner was on the bases at the time. The hit was made off Oldham, who was substituting for Olson in an effort to fan Ruth.

SPORTING NEWS

DR. TOLMIE WILL OPEN DOG SHOW

Many High-Class Dogs Are Bench at Caledonia Hall—Judging Will Begin at Noon Today

DR. D. F. Tolmie has consented to open the dog show of the Victoria Kennel Club in the Caledonia Hall today at 1:30, and the prizes will be presented on Saturday evening by Mrs. David Spencer, when Judge J. J. Laird, who has supervised the strenuous task of awarding the ribbons after judging some two hundred and more high-class dogs. Mr. Tolmie's labors will start at noon, when specimens of the best known breeds will have been benched. The entry list is a large one and some very fine dogs will come under his eye from the kennels of local and outside owners. The list of special prizes is a long one and it is expected that competition will be keen in all classes, many well known dogs from outside points being here to compete with the best of Victoria. Local fanciers have been very active of late and the specimens of the various breeds to be seen today and tomorrow at Caledonia Hall would, without doubt, do credit to any dog show.

CANNOT ARRANGE BASEBALL PLAY-OFF

Guarantee Asked by Edmonton Red Sox Makes Series With Local Elks Impossible.

Owing to the expense involved, the Victoria Elks will not be able to play off with the Edmonton Red Sox. A demand of a \$1,500 guarantee by the Edmonton club has made the thing impossible. The local association not being in a position to make the required guarantee, the alternative was offered them to play a seven-game series with the Red Sox in Vancouver. This proposition also had to be declined as it was impossible for the local team to get away from home for that length of time.

EDMONTON, Sept. 20.—Failure of the British Columbia Amateur Baseball Association to post guarantee demanded by the Edmonton Red Sox to Vancouver this week, leaves the Western play-off of the series to the Red Sox, who had received instructions from Charlie Hayden, of Calgary, vice-president of the Dominion Association and in charge of the Western play-off, not to leave Edmonton for Vancouver until he had received notification that a \$1,000 guarantee had been deposited with him, and failure of the British Columbia Association to comply with these instructions would mean the awarding of the series to Edmonton. The Red Sox are, therefore, sitting tight and awaiting instructions from the Dominion body.

ROD AND GUN CLUB FORMED IN ALBERNI

PORT ALBERNI, Sept. 19.—On Wednesday last a meeting was held in the courthouse, Alberni, for the purpose of forming a district sportsmen's club, with a view to discussing methods of conserving game and observing the game laws of the district and forwarding suggestions to the Game Board as to the particular needs along these lines of the district. About fifteen men attended the meeting, and it was decided to form a club to be known as the Alberni Rod and Gun Club.

The next meeting will be held on the first Tuesday of October, and the meantime a committee of three, consisting of A. G. Freeze, H. F. Bishop and M. Campbell, was appointed to draft by-laws to be submitted at the next meeting. Geoffrey R. Blandy being appointed honorary secretary. This club will fill a long felt want in the district and will be in a position to handle any matter that may come before it affecting sportsmen, as any recommendations that it may make will have had the benefit of consideration by men who thoroughly know the district and habits, etc., of the game, these recommendations should be of great assistance to the Provincial authorities in framing laws that will be applicable to the Alberni Valley.

Since the opening of the deer shooting season a number of deer have been shot in the district, and everything points to their being plentiful as ever, especially after the rains start.

SISLER IS AWARDED SPECIAL PRIZE FOR SERVICES TO CLUB

CHICAGO, Sept. 21.—George Sisler, of the St. Louis Browns, generally rated as the greatest first baseman in the major leagues, tonight was awarded the American League trophy offered by the club owners as a reward to the player who proved of greatest service to his team during the 1922 championship season.

OLD COUNTRY FOOTBALL

LONDON, Sept. 21.—In a Rugby League match played today Hull Kingston defeated Featherstone by 18 to 0.

Another Rugby fixture resulted in North defeating Llanelli by 13 to 2.

HIGH SCHOOL RUGBY

All ex-High School students who are interested in their football are asked to hand their names to Mr. Harold Tait, at 210 B.C. Permanent Loan Building, or to communicate with him by telephone, 411, without delay, in order that arrangements can be made for the sporting activities during the coming winter season.

LADIES' GOLF RESULTS

LAMBTON GOLF CLUB, Ont., Sept. 21.—Ladies' closed golf championship flight, third round matches resulted today as follows: Mrs. Hope Gibson, Hamilton, defeated Mrs. T. F. Ahearn, Royal Ottawa, 8-7; Mrs. Whittington, Toronto, defeated Mrs. R. Murdoch, Humber Valley, 4 and 3; Miss H. Paget, Royal Ottawa, defeated Miss M. Beck, Toronto, 1 up; and Miss Willo Gare, Lambton, defeated Mrs. J. Brydges, Winnipeg, 2 and 1; and Mrs. Laird, Winnipeg, defeated Mrs. J. H. Riddle, Scarborough, on the 20th.

In the championship consolation third round Mrs. A. M. Ridout, Lambton, defeated Mrs. J. Brydges, Winnipeg, 2 and 1; and Mrs. Laird, Winnipeg, defeated Mrs. J. H. Riddle, Scarborough, on the 20th.

WILL PAY MILLION TO SEE GEORGES

Carpenter's Fight With Battling Siki Next Sunday Will Draw Record Gate in French Ring History

PARIS, Sept. 21.—A million francs will be received for the first time in the history of boxing in France, when Georges Carpentier, the heavyweight champion of Europe, crawls through the ropes at the Velodrome Sunday afternoon to face the undefeated Senegalese Battling Siki. More than half a million francs for the reserved section have already been turned in, while unreserved seats for a like amount are certain to be filled. Forty thousand or more persons are expected to fill the arena.

BEGINNERS' GOLF IS THE BEST GAME

NoVice Gets More Enjoyment Than Older Player Trying to Live Up to Handicap

There is probably one, and only one, stage of a golfer's existence when he is blithely indifferent to cause and effect. That delectable period is centered around the time he makes his first purchase of clubs, bag, balls, and so on, and sails forth on some course, public or private. It matters not, to tempt fate, at such a time any shot is magnified in his eyes as a good one every yard the ball travels causing more or less delight.

The beginner at golf is the only one who can really enjoy the game. The links world is surfeited with books on golf, and whole chapters are devoted to telling "how to drive" and "how to putt," what clubs to buy and when to buy them, what balls to purchase, what to wear and when to play, ad nauseum. It seems a never-ending output and all designed to lure the player along, while the real game leads him away from the only true game—the beginner's.

Once the novice is persuaded to pursue what he vainly imagines is his golf, his mind is gone forever. The innocent delight of his golfing adolescence is forever lost. He becomes merely one of a huge and ever-growing crowd which sees nothing in the game but the reduction of handicaps.

He Gets the Limit

Directly a novice joins a club he is persuaded to place himself in charge of a professional. He spends time in driving, driving, driving, is put to the next weapon of offense, only to find when he has grasped the intricacies that he has forgotten how to drive. The poor wretch alternates between despair and, eventually the plying handicap committee turns a blind eye on his cards and puts him to the limit.

This, if he but realized it, is the beginning of the end. Therefore he is a golfing monomaniac. His home is but a museum of discarded golfing equipment. He knows the vagaries of golf balls, he knows his own handicap, and he knows his own luck as he takes his club as he goes. He is invariably cheerful; always going to do better next time. He has his handicap to live up to. Cheerfulness in golf, as in everything else, is the greatest essential to enjoyment of the game. Golf seems to react to cheerfulness more than anything else. A happy way of looking at things is altogether invaluable. The man who goes on the course with good cheer in his heart and meets every obstacle in that manner, will soon cut down his handicap, regardless of whether it goes from 18 to 15 or from 1 to scratch.

There is nothing in the world to equal the beginner's joys. He never blames the clubs, the wind, the ball, or the luck of the 18. Innocent as yet of the accusations which are really accusations, he takes his luck as he finds the dominion of his own luck and the health it brings him. He is invariably cheerful; always going to do better next time. He has his handicap to live up to. Cheerfulness in golf, as in everything else, is the greatest essential to enjoyment of the game. Golf seems to react to cheerfulness more than anything else. A happy way of looking at things is altogether invaluable. The man who goes on the course with good cheer in his heart and meets every obstacle in that manner, will soon cut down his handicap, regardless of whether it goes from 18 to 15 or from 1 to scratch.

LECONTE IS AGAIN FASTEST AIRMAN

ETAMPES, France, Sept. 21.—Sadi Leconte, the noted aviator, won back his title as the world's fastest airman today, flying at an average rate of 341.717 kilometres per hour in two round trips over a one-kilometre course. This is at the rate of about 213 miles an hour.

THE D. F. A.'S LIABILITIES

MONTREAL, Sept. 21.—Increasing the registration fees is the only logical means of providing a fund to cover the Dominion Football Association of its present liabilities. A meeting of the Quebec branch here decided last night.

BENEFIT CRICKET MATCH ARRANGED

Combined Five C's Team and Albions Will Meet at Oak Bay—Proceeds to Go to Groundsmen Phillips

A cricket match will be played on Saturday at Oak Bay Park between the combined Five C's team and the Albions. The match is to be played as a benefit for Phillips, the Oak Bay groundsmen, who has given the cricketers of Victoria some of the best wickets possible during the season now closing and who has devoted a great deal more of his time to this work than was intended, showing that he has the good of the game at heart.

It has been arranged to play this match on the time limit plan, each team to bat the same length of time. With the starting time set at 1:45 p.m., a lively and interesting game should result. The Five C's team will be composed of Mr. Cresson (captain), A. J. Collett, Ray F. Comley, P. C. Payne, E. R. Lock, R. V. Lea, A. Booth, E. F. Cribb, George Leeming, C. J. Gilder and E. Butterworth.

WEDNESDAY SOCCER SCHEDULE DRAWN

Play Starts Next Week With Four Teams in League—Hudson's Bay Company's Eleven Enters

The Wednesday Football League held a meeting last night when all necessary arrangements were concluded for the start of play next week. W. Cull, president of the league, was in the chair, and the secretary's work was undertaken temporarily by A. J. Weeks, in the unavoidable absence of S. Thomas, secretary of the league, who is unfortunately on the sick list at present owing to an injury received in football practice.

The Wednesday League has lost no time in getting down to business and, with three of last year's teams in the league and the Hudson's Bay eleven coming in this season, an interesting series is anticipated, with some good football in the midweek games. Spencer's, Weiler's and the Garrison are the teams of last year, and to be included and as they are all he makes his first purchase of clubs, bag, balls, and so on, and sails forth on some course, public or private. It matters not, to tempt fate, at such a time any shot is magnified in his eyes as a good one every yard the ball travels causing more or less delight.

The schedule of the first half of the league series is as follows: Garrison, maroon, gold and blue; Weiler's, red and white stripes; Hudson Bay, green and gold.

The Schedule

The first games to be played next Wednesday will be Spencer vs. Hudson Bay, at Beacon Hill, referee W. Cull; Garrison vs. Weiler's, at W. Point, referee Faulkner. The schedule of the first half of the league series is as follows:

September 27—Spencer vs. Hudson Bay, Garrison vs. Weiler's.
October 4—Hudson Bay vs. Garrison, Weiler's vs. Spencer.
October 11—Garrison vs. Spencer, Hudson Bay vs. Weiler's.
October 18—Hudson Bay vs. Spencer, Weiler's vs. Garrison.
October 25—Garrison vs. Hudson Bay, Spencer vs. Weiler's.
November 1—Weiler's vs. Hudson Bay, Spencer vs. Garrison.
November 8—Hudson Bay vs. Spencer, Weiler's vs. Garrison.

MANAGER SUSPENDED FOR USING LINIMENT

COLUMBUS, Ohio, Sept. 20.—The Columbus boxing commission tonight suspended Jimmy Dunn, of Cleveland, manager of Bryan Downey and other boxers, for a period of sixty days following an investigation which resulted in the finding that liniment had been placed on Bryan Downey Monday night during his 12-round bout with Jack Malone. St. Paul midday, Mr. Dunn alleged at the time of the bout that some of the liniment got into his eyes in the twelfth round, partly blinding him.

DELL SHUTS OUT OAKLAND

LOS ANGELES, Cal., Sept. 21.—"Wheeler" Dell, of the Vernon Tigers, pitched a no-hit-no-run game today against Oakland, his score being 7 to 0. Only two Oakland batters reached first base, both on bases on balls.

LALONDE'S TRANSFER MAY MEAN TROUBLE

Waiver Clause in National Hockey League Disregarded by Dandurand, Who Organized Deal

TORONTO, Sept. 20.—The Telegram says on its sport page today: "Mr. Leo Dandurand, owner of the Montreal Canadiens of the National Hockey League, may have stepped into a heap of trouble when he sold Neway Lalonde to Saskatoon, as reported. It will be remembered that some time ago, at a meeting of the league, Percy Thompson, of Hamilton, put his foot down firmly when Leo said he would like to sell Lalonde out of the league. It was Mr. Thompson's step to get back at certain clubs when they opposed his selling George Carey to a Western club last season. There is a waiver clause in the National League to the effect that no player may be sold out of the league until other clubs have had a chance at him for \$500. That part has been overlooked by Dandurand, either that or he has acted knowingly and is willing to accept the responsibility of an argument. St. Patricks are not in accord with the sale of Lalonde. Charlie Querrie stated this morning that the locals would like very much to have Lalonde, and it is known that Hamilton feels the same in the matter. Lalonde may have lost his popularity in Montreal, but he would be a good man for either St. Patricks or Hamilton. At any rate Leo is sure to find some trouble for himself over the matter."

EBER AND SMITH BOX ANOTHER DRAWN BOUT

MONTREAL, Sept. 20.—For the second time in two weeks, Bobby Eber, Canadian bantamweight champion, and Sonny Smith, New York, were unable to make a decision, the two battling through to a 12-round draw at the Mount Royal Arena here tonight.

The name of Regimental Sergeant-Major Frank Hatcher was omitted by inadvertence from the list of those Victorians who have shot at Bliley, published yesterday. Mr. Kennedy has been selected to shoot on the 16th Canadian Scottish team in the match for the Gordon Highlander Trophy tomorrow. In addition to those already announced,

SOCCER PRACTICE GAME

The Metropoli football team will meet the Crusaders eleven in a practice game at Central Park tomorrow afternoon, kick-off at 2:45. The following players are asked to turn out for the Crusaders: Buckett, F. Moulton, Webster, Smiley, Blacklock, Holman, McKenzie, Fanthorpe, Allan, Auchincloss, S. Hais, H. Moulton, J. Kerr and Rice.

The number of typhoid cases clearly traced to polluted ice is extremely small.

AUTOMOBILE SHOW BIG ATTRACTION

MANY LINES OF MOTOR CARS ON
EXHIBITION AT FAIR

First Showing of 1923 Models in the
Province—Sport Models Are
Proving Popular Type

Since the opening last Monday, the automobile show put on by the Victoria Automobile Dealers Association has been a success. The new models are being sold, and owners are clamoring for them. The new models were received from the factory only last week. In motor construction McLaughlin-Buick has adhered to the valve-in-head principle, with which the name has been so prominently connected for twenty years. The new sport model is an exceedingly beautiful car, and is equipped with many necessary conveniences and accessories.

The display consists of a McLaughlin-Buick "4" Touring Sedan, Master "4" Special, Master "4" Regular, Master "6" Touring, Master "8" Coupe and Master "8" Sport Touring. The closed models have distinctive lines, the interiors being elaborately finished.

The National Motor Company, Limited, has an excellent display of Ford cars. All the latest models are on show, including the new Lincoln "8." Members of the firm are on hand to explain the mechanism and the merits of the latest improvements which have been incorporated in the 1923 Ford. On display are touring, roadster, coupe, sedan and delivery car. The Lincoln, the new addition to the Ford line, is the highest priced car in the show, costing over \$3,000.

"Some car," is how Mr. Tom Moryson, sales manager of the Revercomb Motors, Limited, described the 1923 Super-Sport Oldsmobile "8." The new Olds is the last word in automobile design, and is finished in deep cream, with brown upholstery. The car has very racy lines and looks the acme of comfort. The Super-Sport is equipped with everything from a clear light to a one-man top. The Revercomb Motors, Limited, are showing Olds "4" Coupe, Sedan and Touring, and Semi-Sport and Super-Sport.

The Consolidated Motors, Limited, having sold out of Humphries, were unable to make a full showing of their line. It looked for a time as if they would have to give up their space, but after sending a few wires to Vancouver they were fortunate in getting the British Columbia distributors to loan them a car. Mr. S. E. Wallis, manager, has put on an excellent exhibit under the circumstances. A Garford speed wagon is also being shown by the Consolidated Motors, Limited.

A. E. Humphries Motors, Limited, are showing the 1923 Dodge. The models on show have only been on the market but a short time. On exhibition is the sedan, coupe and touring models, along with a speed truck specially built for Ormonds, Limited.

Mr. Ernie Eve is showing the Jetset Touring and Sedan. The sedan is elaborately decorated in blue plush and is a very dainty car. Mr. Eve expects a Paque over from Vancouver today, to be on show this afternoon.

The Best Motor Company is showing Chevrolet touring, roadster, coupe and sedan, and Nash touring, roadster and sport model. All the models on show had to be rushed from the East to be in time for the exhibition. The Nash sport model is the smartest car of the display.

The McCandless Battery Company, manufacturers of the Triumph battery, has an exhibit of batteries and parts. This exhibit is very instructive, as it shows the battery in pieces, assembled, and in cross section. This gives one an opportunity to see just how a storage battery, which is recognized as the heart of the car, is made.

Horrocks & Jackson, local dealers for the famous Seiberling tires, have a display of tires. Mr. W. Glover is in charge of the display.

Mr. J. F. Cameron is showing the 1923 Indian. The new Indian has many improvements over former models.

Mr. H. C. Gunson has an exhibit of hardened gears cut and made to order locally for all makes of cars.

FOOD EXHIBIT

To the Public, Mothers, Teachers,
Students and Pupils, Victorian Order of
Nurses and All Nurses, Daughters of the
Empire, Women's Institutes and All
Others.

We cordially invite you to visit our Display Booth at the Willows during the Fall Fair Week and accept our hospitality. You will meet Mrs. Carter who is demonstrating VICREAM (the new beverage), and she will also tell you some real facts and give you comparisons in regard to the relative value of milk and milk products as against other foods.

Come and inspect this interesting display.

WIRELESS SPEAKS TO NEW ZEALAND

ESTEVAN STATION IN TOUCH
YESTERDAY MORNING

Break Conditions Enabled West Coast
Plant to Speak to Station
at Hastings

What is regarded as a record in freak communication for the Pacific Coast was established at 4:30 a.m. yesterday, when the Government wireless station at Estevan, on the West Coast, spoke the station at Hastings, New Zealand. The distance, roughly, is estimated to be 6,500 miles.

The Estevan station has been strengthened to several times its old power this summer, and now covers a vast extent of the Pacific. Wireless experts say the West Coast station is now the most powerful plant on the entire Pacific Coast and point in support of their contention to the consistent long range work that it is doing, surpassing that of the big American establishments to the south.

Such incidents as that of yesterday morning, however, are altogether out of the ordinary, produced by some unusual combination of atmospheric circumstances. It is not likely to be repeated in many months.

FINANCE COMMITTEE SPLITS ON QUESTION

Will Likely Throw Matter of Liquor
Profit Grant to St. Joseph's
Back on Council

The question of whether the St. Joseph's Hospital should receive part of the city's liquor profit money will most probably be thrown back upon the City Council to settle as it sees fit, because the Finance Committee, instructed to report on the matter, is divided, Alderman E. S. Woodward, chairman of the committee, stated yesterday.

Both the Jubilee Hospital, which wants all of the hospital portion of the liquor money, and the St. Joseph's Hospital have laid their cases before the Finance Committee, which will probably report on the matter today night. Alderman Woodward is personally opposed to St. Joseph's getting any grant from the city. He points out that Victoria is only legally bound to aid the hospital portion of the present state of the city finances will not permit of any extension beyond this. But he has a number of grounds on which he opposes the grant. The Catholic hospital has told the committee, he says, that within the last three years it has lost \$35,000 through uncollected debts, but it claims that its system of bookkeeping does not permit of a profit and loss statement for each year on the whole operation of the hospital. Alderman Woodward opposes the city giving money to an institution in the operation of which it has no control, and concerning the finances of which all desirable data is procurable.

RESTRICTED DEER DISTRICT REDEFINED

The following notice of amendment of the game regulations for this season appeared in yesterday's issue of The British Columbia Gazette:

Game Act
Pursuant to the provisions of this act the Honorable the Administrator in Council has pleased to amend and vary the regulations approved by order in council No. 1,015, dated the 31st day of August, 1922, as follows:

Deer—By striking out the following words in clause (f) defining a restricted district for the shooting of deer: "and that further portion of Vancouver Island defined as follows: All that portion lying to the south of the Esquimalt & Nanaimo Railway grant east of Sooke River and Sooke Harbor;" and substituting the following in lieu thereof: "and that further portion of Vancouver Island defined as follows: All that district lying to the south and east of that line commencing at the point of intersection of Flanagan Arm Road with the Island Highway (Malahat Road), south along Malahat Road to the northerly cross road to Goldstream Hotel; thence along Goldstream cross road to the Sooke Road; thence along the Sooke Road westerly to the Sooke River."

MAY DECIDE TO SUPPORT CONTINGENT

Great War Veterans to Consider
Resolution to Help Help Canadian
Force If Called For.

The probability of a Canadian contingent being called for service in the defence of the Dardanelles and Constantinople will be discussed at a special meeting of the executive of the Great War Veterans Association, which Secretary James Brown announced will be held this evening. A resolution has been drawn up which will be presented to the executive before being submitted to a general meeting, which will show what attitude the Great War Veterans will take on the matter. The text of the resolution is the subject of a Canadian contingent being called for by the Government the local branch of the G.W.V.A. pledges itself to do all in its power to help raise the number of men required from this district.

Delegates to attend meetings in connection with the Community Chest, on which the G.W.V.A. has not yet fully committed itself, will also be chosen.

No offers of service from officers or men sent direct to Ottawa or any of the Military District headquarters will be considered, according to information contained in orders received at Military District No. 11 headquarters. Any recruiting done for military forces that Canada may desire to send will be done through existing military units, and it will be necessary to join an existing active militia unit in order to be eligible for service.

Found Dead
VANCOUVER, Sept. 20.—Charles Scott was found dead in a room at a local hotel early this afternoon by the clerk on duty. A paper marked "Identification" contained the name Charles Scott, gave his age as 50, and the information that he had no relatives nor dependants.

MONTEAGLE GOES TO GENOA BAY TO LOAD

The Montague, former Canadian Pacific transoceanic steamer, will be going on berth to load lumber at Genoa Bay late this week. The old liner, which is loading a million and a half feet of lumber at various British Columbia ports for Montreal, is leaving Vancouver today for Nanaimo to fill up her coal compartments, and will then shift to Genoa Bay.

BLUE FUNNEL SHIP DUE THIS MORNING

The Blue Funnel steamer Ixion reached quarantine at 1:30 a.m. today and will be berthing at the Ribbiers about 8 o'clock this morning. The vessel has Chinese passengers and cargo from Japan, China and the Philippines.

CONSERVATIVES FORM NEW BODY

(Continued from Page 1)

The Government had not the complete carry on the business of the Province, and the judgment to select men who would give them the information which they themselves did not possess.

Mr. Meighen Praised

Prairie was given Hon. Arthur Meighen by Mr. Bowser, who pointed out that he had accompanied the federal statesman on his recent speaking tour in the Province and had heard him address five meetings without once doubting the judgment of himself or using a note. No doubt, said the speaker, the good sense and judgment of the Canadian people would again assert itself and Mr. Meighen would be returned as the head of a Government. Premier Mackenzie King, he asserted, watched the Progressives and angled for their votes, not to carry out his policy but to remain in power.

Canon Hinchcliffe spoke upon the necessity of optimism in the party ranks. He felt that the psychological moment had arrived. A change in spirit had come over the people who had been lifelong Conservatives. Those men who had opposed Mr. Bowser at the convention had taken the sportsmanlike course and were lining up to remain in power.

Two things were necessary, declared the Canon. There must be unity. This was the opportunity of the hour. The people had not past to forget. There must be a platform. A resolutions committee was to draft one based on the wishes of the recent convention. There should be only a few planks. The non-essentials should be cut out.

Unity and optimism were also the qualities which were stressed by Senator Green in his address. "The people," he said, "are tired of the old party system. They have collected millions of dollars more than were ever collected by the Conservative governments which preceded them. There is not a thing left to tax, they have not taxed, and they have squandered your money like—if I may use that vulgar expression—drunken sailors. They have paid out to political leaders who do little or nothing; they have created offices in order to buy the support of leaders when another contest comes. What we want is a government which will treat the people fairly and which will economize."

Greatest Convention
Senator Green stated that he had been to every Conservative convention held in British Columbia, and the recent one at Vancouver was the largest and greatest of them all. Those who had not had their way in the matter of a leader had proved good losers, and the party was more united today than it had been at any other time during the last ten years.

After listening to the man in the street, he had come to the conclusion that the people of British Columbia were not enthusiastic about the present Provincial Government, said Hon. S. F. Tolmie, M.P. Telling of what he saw in the House of Commons during the last session, he added that he felt ashamed as he saw the Government sidestepping and eyeing the Progressives and wondering which way they would vote. The Federal Government had not carried out its pledges, and had wobbled hither and thither. The people of Canada would not be satisfied, he felt sure.

If the Liberal-Conservatives were going to win federally they must first win provincially, said Dr. Tolmie. Victory in a number of provinces would aid immensely. He did not feel that the Progressives were a serious menace to either of the old parties in British Columbia, for conditions were not the same here as on the prairies. Mr. C. T. Cross explained that his stand regarding the leadership question had been such as it was because he believed that there should be a fight, and that Mr. Bowser had been chosen he would give him his support, and asked all Conservatives to do the same.

A letter from Senator Barnard was read, regretting that a recent accident made it impossible for him to attend, but pledging his support. The constitution was read clause by clause by Mr. William Revercomb and adopted by the meeting. A number of points were discussed at considerable length.

PRELIMINARY REPORT ON FISHERIES READY

OTTAWA, Sept. 21.—Recommendations as to amendments of regulations and other necessary changes concerning the fisheries of British Columbia will, it is understood, be included in the preliminary report of the Royal Commission on Fisheries by clause of act tomorrow be placed in the hands of acting Minister of Marine and Fisheries, Hon. Jacques Bureau, by W. M. Duff, M.P., chairman of the commission. Mr. Duff returned to Ottawa today.

While the main report of the commission will not likely be presented until after January next, when the members of the commission are able to get together in Ottawa, certain recommendations which the commission desires to see carried out without delay are to be placed in the hands of the acting minister at once.

Slugs are the greatest pests a mushroom grower has to contend with.

FAIR WILL DISPLAY RESOURCES OF EMPIRE

British Industries Exhibit at Birmingham Next Year Is Planned on Huge Scale

The British Industries Fair is a fair which is organized in conjunction with the Department of Overseas Trade—a department which links up the commercial activities of the British Foreign Office and the Board of Trade. The fairs, which are held concurrently in London and in Birmingham, constitute, in fact, one gigantic British Fair which is open to the exhibits of manufacturers throughout the Empire. The branches of the British Industries Fair are so organized that there is no real duplication and practically no overlapping. The classification of exhibits in London and in Birmingham are mutually arranged, so as to avoid this contingency.

In London the groups cover chemicals, soap, musical instruments, furniture, cutlery, silver and silverware, watches and clocks, jewelry, hard haberdashery, toys and games, china and earthenware, glass and glassware, scientific instruments, sports goods, leather and leather goods, boots and shoes, fancy goods, office appliances, paper, printing, publishing and stationery.

The groups covered by the Birmingham schedule are as follows: Brass foundry, hardware and ironmongery; metals, ferrous and non-ferrous; building construction, fittings and decorations, etc.; plant, apparatus, appliances, equipment, etc.; for power, lighting, heating, cooking and ventilating; general machinery; machine tools; engineering and industrial tools, etc.; agricultural, dairy and horticultural machinery, implements, appliances and utensils; mining, colliery and quarrying machinery and appliances; motors, motorcycles and cycles and accessories; and perambulators; guns, rifles, revolvers, etc.; saddlery and harness; fishing tackle; braving, denting and catering plant and fittings; and publicity and other services.

The Birmingham section of the British Industries Fair is organized by an incorporated body formed jointly by the municipality and the Chamber of Commerce. The fourth annual fair will be held in the great exhibition buildings at Castle Brough from September 19 to March 2, 1923, and the Birmingham Chamber of Commerce, with the council of the fair, offer a hearty invitation to all buyers in His Majesty's Dominions and foreign countries who can make it convenient to attend.

It is interesting to observe that the capacious buildings in which the fourth fair will be held under one continuous roof, which has been secured by means of the ere-

tion of a huge corridor over 300 yards long and with 40-foot sides, were erected by the British Government during the war as an aerodrome for the defence of the British Isles against the German menace which threatened this country during the war.

The exhibition area which is provided covers about 170,000 square feet, and it is confidently anticipated that this space will be fully occupied by exhibits of examples of the best manufactured products of the United Kingdom and the enterprising manufacturers of the overseas portions of the British Empire can produce.

The aim of the fair is to create a great mart where sellers and buyers can congregate during the comparatively short period of ten days for the purpose, on the one hand, of exhibiting their wares and explaining their special merits, and on the other hand, of enabling visiting buyers to see, within the shortest possible space of time, the commodities which Empire manufacturers have for sale for the purpose of meeting the needs of their customers, and prospective customers, in this country and overseas.

Australia Planning Enormous Outlay to Settle Her Lands

LONDON, Sept. 21.—A Reuter cable from Melbourne says Premier William Hughes, of Australia, in announcing that an agreement had been signed with the government of Victoria for the introduction of 2,000 immigrants yearly as land settlers, stated that this was one section of the proposal to spend £36,000,000 on immigration.

He anticipated that with some co-operation on the part of the other Australian states the number of immigrants would speedily reach 200,000 yearly.

CALLS UPON U. S. TO WAR AGAINST TURKS

Denver Presbytery Desires Uncle Sam to Join Great Britain in Protection of Christians.

DENVER, Sept. 21.—A resolution urging that America join England in making war on Turkey, passed by the Presbytery of Denver, was made public today.

The massacre of Christians by the Turks is given as the cause for the action of the Presbytery.

BERMUDA SWEEP

Island in Grip of Fall Hurricane, Which Damages Buildings—No Lives Reported Lost

HAMILTON, Bermuda, Sept. 21.—Bermuda has been in the grip of a fall hurricane since 5 o'clock this morning. The wind has reached a velocity of from eighty to ninety

millions an hour. Considerable damage was done to small buildings. At Hamilton and at St. George's the wind abated about noon and no further damage is expected.

WICACON'S women candidate for Congress, Miss Martha Riley, has issued her platform in brief form. Here it is:

"I am opposed to tax revision for the buccannery and to Senate seats for the auctioneers. I favor a people's bloc in Congress instead of a millionaire's bloc."

ought to elect her.

Where Quality Means Most— Goodyear Tires are Used

The man, who above all others needs to buy the best tires, is the automobile manufacturer.

The difference in price between Goodyear Tires and the cheapest tires would only amount to a few dollars per car.

But the difference in quality could easily ruin any car's reputation for tire mileage and trouble-free service.

The reputation of his car demands that the manufacturer secure the best tires. A great majority of the automobiles built in Canada are equipped with Goodyear Tires.

Manufacturers who buy tires for thousands of cars have found that Goodyears give the lowest cost-per-mile. You will find the same thing true of your car.

4000 selected dealers sell them
A host of motorists use them

SPANISH TREASURE ALMOST IN REACH

BALVORS ACTIVE AFTER BULLION IN TOBERMORY BAY

Galleon *Almirante de Florencia* sank in Scottish Harbor After Defeat of Spanish Armada

TOBERMORY, Sept. 21.—The operations that are being carried out to save the supposed Spanish treasure ship sunk in Tobermory Bay continue to arouse very great interest as owing to the favorable weather conditions the work is making satisfactory progress.

The sunken ship is believed to be the *Almirante de Florencia*, which, after the defeat of the Spanish Armada, ran into Tobermory Bay to avoid the British fleet. It was then a neutral country, but upon the galleon's arrival being reported by the English Embassy orders were given to prevent her escape, as it was thought that she contained specie and jewels to the value of about £300,000. An explosion, however, occurred on board, and the ship was sunk in the bay in sixty feet of water. It is recorded that only two men out of her crew of 365 succeeded in reaching Tobermory.

Several attempts have already been made to discover whether the wreck contains treasure that may be recovered. It is suggested that the authority that the explosion could only have resulted in the blowing out of the bows and damage to the upper deck. Evidence of the ship's presence, moreover, has been supplied by the recovery of various pieces of plate, cannon balls, parts of muskets, swords and daggers, a bronze cannon, 4-1/2 feet long and with a 3-inch bore, and some gold buttons and silverware. A quantity of human bones have also been discovered.

Sand Pump and Saw

The present operations are being carried out with the best available machinery, and at very considerable expense, by a new syndicate. The plant includes a powerful suction pump, capable of taking up and discharging 250 tons per hour, and a circular cutting machine, driven by a motor, which is engaged in cutting through the thirty feet of clay and silt that covers the wreck. The actual timbers of the ship have now been encountered, and recently a heavy piece of timber, which is supposed to have formed part of a mast, was taken up. The operations in substance consist of cutting down with the circular saw and bringing everything to the surface by means of the suction pump; the spoil is then run into large boxes with chutes in the stern of the salvage steamer *Lincoln*, where men with rakes take all solids to one side for careful examination.

The work is in charge of Captain Irons, harbormaster at Dover, assisted by Commander Rickwood, R.N., and all the officials engaged are men skilled in marine enterprises. The chief diver, named Williams, who has the Albert Medal and O.B.E., has a splendid record of work with the Admiralty, and is assisted by two divers of considerable experience. By virtue of an old law the Duke of Argyll has a claim on the treasure, and he represented recently a committee of the Duke of Argyll's representatives in examining everything that is brought to the surface. Some twenty-five local men are employed in attending to the divers, pumps, and to other duties, in addition to the crew of the ship and the captain and crew of the salvage steamer, so that Tobermory benefits considerably from the enterprise.

Now that the timbers have been cut into great care is being taken in the inspection of all that comes to the surface, so that the cutting machine may damage boxes with contents of value. The operations are being carried on with the greatest secrecy, and it is thought that the question of whether the wreck contains bullion is not far from being solved. On Saturday night another bronze cannon, a little larger than the one recovered previously, was brought to the surface, and the divers expect to make important discoveries at any moment.

WINNIPEG, Sept. 19.—Fireman Robert Wilson was killed and several other men slightly injured when a freight train jumped the track near Cuthbert today.

Quit Making Faces At Your Meals!

Ironized Yeast Gives the Stomach Natural Digestive Power!

There's one organ in the human body that "kicks back" when it gets weak, and that's the stomach. No stomach on earth can operate without vitamins and iron. The one thing is true about the nerves. There is hardly anything that can happen

Stomach-Power Giver! Ironized Yeast Quickly Builds Up Digestive Power. You'll Relish Your Food!

to the nervous system that is not at once reflected to the stomach. Weak nervous weak stomach! Nature has only one answer, more ironized yeast. But remember that Ironized Yeast is not a mere mixture of yeast and iron, but is yeast ironized, which is a substance all its own. This is why Ironized Yeast produces almost immediate results in cases of loss of appetite, aversion to food, belching, gas on the stomach, fermenting, "lump-of-lead" feeling after eating, dyspepsia, indigestion. There is only one Ironized Yeast in the world. It contains yeast-vitamins-with-organic-iron, the very natural food-power which every strong stomach and every strong nervous system needs. The answer is, Ironized Yeast! Ironized Yeast, to be sold at all drug stores at 15¢ a package. Each package contains 10 tablets, each tablet is sealed. They never lose their power. Harold F. Ritchie & Co., Ltd., Toronto, Sales Agents. Take Ironized Yeast, you'll enjoy eating, and digest thoroughly everything you eat. That's life!

ECONOMY THREATENING HISTORIC COASTGUARD

LONDON, Sept. 21.—If the recommendations of the special committee appointed by the Government to look into and report upon certain admiralty matters are adopted as just reported by the committee, the name coastguard will disappear, and the British exchequer will save £270,000 a year.

In the place of the coastguard the committee recommends three organizations. First, an admiralty force to make suggestions necessary to conform to the naval requirements. Second, a Board of Trade force to be called the coast watching force, to perform duties such as saving life and salvaging from wrecks. Third, a so-called coast preventive force under the Board of Customs and Excise, to take over the duties in connection with the protection of revenue.

In case of an outbreak of war, the first two forces would become a composite body under admiralty orders.

PHILIPPINE CALL TO BE CURTAILED

TWO EMPRESSES TO CUT MANILA FROM SCHEDULE

Empress of Asia Crossing Pacific and Due on Monday—*Manila* Lined Expected Tuesday

The Canadian Pacific Empress of Asia is crossing the Pacific and will be in port on Monday morning on schedule. The vessel left Yokohama last Saturday.

The Canadian Pacific schedule has been revised recently, and the Manila call dropped altogether for the Empress of Canada and the Empress of Australia. It was originally intended to have all four Empresses make the Philippine visit every trip. It is understood that the business offering at Manila is not enough to warrant all the big liners calling there at present, but that they all may do so at a later date. According to the present arrangements, the Empress of Asia and the Empress of Russia, which have been calling regularly at Manila ever since they were commissioned on the Pacific, will continue to handle the Manila business. The President Madison, of the Admiral Line, also left Yokohama on Saturday for Victoria, and is due on Tuesday morning. The ship is known at present, although it is possible she may get in on the previous day. The American liner has a total of 62 cabin and 157 stowage passengers, of whom three first-class and 82 stowage will land here.

JAPANESE TRAVEL HEAVY FROM PORT

Onaka Liner Taking Eighty-Three Nipponese Back to Native Soil This Afternoon

Eighty-three Japanese passengers will be sailing from Victoria aboard the *Onaka* liner this afternoon. The vessel which is due from Seattle at the Rihet Piers about five o'clock, has seventy-two stowage voyagers to pick up here for Nippon destinations, while eleven first-class travellers of the same nationality will also be joining the liner at this port. The cabin passengers comprise a party of Japanese students, who have been touring the United States and Canada under the auspices of the Tokyo Young Men's Christian Association. They arrived at San Francisco about six weeks ago and since that time have been visiting seats of learning in all the big cities. Mr. M. Souka, formerly engaged in Methodist missionary work among the Japanese in British Columbia, is the closest of the party. Rihet Consolidated, agents for the O. S. K. report the *Hawaii* Maru due in from Yokohama on October 4.

SCOTLAND SAILS ON LAST WINTER TRIP

QUEBEC, Sept. 20.—The Canadian Pacific 25,000-ton *Empress of Scotland*, Captain J. Gillies, sailed yesterday afternoon for Southampton, Cherbourg and Hamburg, with over four hundred passengers in all classes.

This is the last sailing of the *Empress of Scotland* from Quebec this season. On her return from Southampton she will proceed to Liverpool to enter drydock there and be overhauled and get ready for her winter cruises.

The *Empress of Britain* will take the place of the *Empress of Scotland* on the Quebec route to Hamburg until the end of the present season of navigation. Among the prominent passengers in the saloon accommodation who sailed on the *Empress of Scotland* were Lady J. Coddington, Victoria, B.C.; A. B. Colville, K.C., and wife, Mr. and Mrs. Gordon McDougall, and Miss Barbara McDougall, Mr. Thomas and Harriet Nelson and the Misses Dorothy and Betty Nelson, Dr. C. W. and Mrs. Ralfe, Montreal; Dr. F. W. and Mrs. Atkinson, W. H. Eccles, Hon. Chas. and Mrs. Murdoch and Miss Murdoch, Ottawa; Lady Eaton and Mr. Timothy Eaton, Mr. and Mrs. Wm. Mackay, John M. Millar, Toronto; W. G. Power, president of the Quebec Harbor Commission, with Mrs. Power and party, Quebec; Judge Hoffmann, Regina, Sask.

Before the departure of the *Empress of Scotland* a party of thirty members of the Association of American Ports, who arrived at Quebec at the guest of the Quebec Harbor Commission, were entertained to luncheon on board the vessel. Capt. Walsh, manager of the C. P. Steamships, presided, and after the luncheon speeches were made, characterized by the good feeling and the cordiality that exists between the American and the Canadian people.

Labor Against War

LONDON, Sept. 19.—The Council of the National Association of Unions in the textile trade, comprising thirty-one organizations, today passed a resolution protesting against the government's war plans and requesting the general council of the Trades Union Congress to call meetings of trade unionists throughout the country to demand abandonment of the government's war policy.

RADIO MONOPOLY STRONGLY OPPOSED

BRITISH FIRMS ASK EXCLUSIVE RIGHTS FOR TWO YEARS

House of Commons Discusses Question—Broadcasting Considered Supplement of Newspapers

LONDON, Sept. 21.—Vigorous protest has been made in the House of Commons against the plan of Postmaster-General Kellaway against granting to a combine of instrument makers for two years the right of wireless broadcasting in England, and a monopoly of the sale of receiving instruments. The plan, if adopted, would exclude American and other foreign-made wireless apparatus. "I speak Wedgwood Benn, member of Parliament, said, broadcasting should be considered as a supplement to newspapers. He declared it marked the biggest development in the dissemination of information since the invention of the printing press. It was not right, he argued, that the development of wireless should be in the hands of a combine. The speaker asked the postmaster-general what arrangements had been made for the sale of newspapers by dispatches. He said when a newspaper had at great expense obtained an item of news, it ought to be made available to the public in a period of at least twenty-four hours.

Mr. Kellaway said there would be no monopoly. Every one of the manufacturers of apparatus could become a member of the broadcasting company. "We have to keep this new form of communication in the hands of our own people," he proceeded. "Whether in the matter of broadcasting or reception, our manufacturers have a technical skill and a capacity of production equal to any in the world. I am advised that in the two years \$30,000,000 will be spent in the purchase of receiving apparatus and erection of broadcasting stations, and eighty per cent of this will go in wages."

Portrait of Mrs. Goff, of Beaches, Ontario, who wrote—

"For five years I suffered greatly from an ulcerated leg, which at one time was covered with open wounds from knee to foot, there being as many as 21 wounds in it at one time. I tried all sorts of preparation and attended the infirmary, but nothing seemed to do me any good and I was sent away from the infirmary as incurable. One day my daughter saw Clarke's Blood Mixture advertised in a newspaper and read it to me, and I decided to give it a trial. Finding the first lot was doing me good I persevered with it, and after having four bottles my leg was completely healed. All this happened some eight years ago, and I have had no return of the trouble ever since."

Sufferers from Bad Legs, Abscesses, Ulcers, Eczema, Bites, Pimples, Eruptions, Rheumatism, etc.

Best should be that brings out skin eruptions, but give temporary relief to be sure of clearing the blood. The blood must be thoroughly cleansed of the impure waste matter, the true cause of such troubles. Clarke's Blood Mixture quickly attacks, overcomes, and expels the impurities that are why no more remarkable cures could be made. It is the only blood purifier that is free from injurious ingredients.

Get it Dealers—see that you get

At the Playhouses

CAPITOL When two men who are alike as two peas meet, something is bound to happen. That is the principal situation in "The Great Impersonation," which was shown with great success at the Capitol Theatre yesterday. It is a Paramount picture produced by George Melford. James Kirkwood plays the dual role of a young German military commandant and an English nobleman, two men who look exactly alike. Fate brings them together and the German, the better to serve the Kaiser, who is planning his great attack on civilization, determines to do away with the Englishman and impersonate him in his own country. But at the finish there is one of the most unusual developments ever seen in a photoplay and one that will surprise the most biased audience. Mr. Kirkwood and Ann Forrest are admirable in their respective leading roles. Adequate support is given by Allan Hale, Fontaine La Rue, Winter Hall, Bertram Johns and Truly Shattuck.

COLUMBIA For sheer skill of THEATRE dramatic acting the cast of "The Call of Home," now at the Columbia Theatre, would be hard to beat. L. J. Cassier, who produced this spectacular interest play for R-C Pictures, has brought out all the poignant feeling of the various roles and made of his production one of the truly big subjects of the year. Especially, declare the critics, is this so with regard to the acting. Among those who appear in this engrossing picturization of "Home" George Agnew Chamberlain's novel, are Irene Rich, well-known leading lady; Leon Hary, formerly one of the best known figures on the French stage and at one time leading man for Sarah Bernhardt and Madame Rejane; Ramsey Wallace, prominent for a number of years as leading man on the stage and screen; Margaret Mann, Jobyna Ralston, Genevieve Blinn, Wadsworth Harris, James O. Barrow, Carl Stockdale, Emmett King, Norma Nichols, Sidney Franklin and Harry Lonsdale. There are many big scenes in which the foregoing players acquit themselves superbly. In the flood episode, in which billions of tons of water go on a rampage and spread destruction, Ramsey Wallace several times risks his life. Miss Rich nar-

Dominion—"In the Name of the Law."
Royal Victoria—"Foolish Wives."

The Stage
Playhouse—"The Boy." Potted Comic Opera. Nights at 8:30; Saturday matinee, 2:30.

rowly escaped serious injury, if not death, when she leaped from a moving train, and this is one of the big incidents of a fast-going story. Still another big thrill is developed when a canoe in which Wallace is paddling goes over a waterfall, is crashed to fragments and Wallace narrowly escapes death on the jagged rocks below.

ROYAL All the glitter and glamour of Monte Carlo are depicted in "Foolish Wives," the record-breaking photodrama now being shown at the Royal Victoria Theatre. At enormous cost, the principal buildings of the Mediterranean resort were duplicated at Universal City, Cal., for the production of the film. The interiors of the famous Hall of Chance are shown with remarkable fidelity, as well as the small and more Bohemian gaming salons with their crowds of adventurers and adventuresses.

PLAYHOUSE Of all the productions THEATRE staged in Victoria by Mr. Reginald Hincks, the present bill at the Playhouse ranks among the highest and will doubtless prove one of the biggest drawing cards of the season. In "The Boy," Mr. Hincks has one of the most comical plots ever conceived and with the delightful musical numbers it contains it is hard to imagine a more entertaining programme. Miss Eva Hart is more than charming in the part of Diana, which she plays in her usual finished style. Her duets with Mr. Hincks are delightfully pretty and artistically rendered.

"THREE LITTLE MAIDS ARE WE"

Ethel Clark, Theo. Vinton and Jean Brandon in Gilbert and Sullivan's gem of gems, "The Mikado," to be given by the American Light Opera Company on Wednesday afternoon and evening, September 27. The company opens its engagement in Victoria with "Robin Hood" on Monday, September 25.

RODOLPH VALENTINO AND LILA LEE
Appearing in "Blood and Sand," Feature of the Dominion Theatre All Next Week

while her singing of the song "Mia Melody" is such that the audience demand several encores. The comedy is very ably carried by Ernie Patch, who, as old Mr. Nesbitt, the magistrate of Bromley Street Court, keeps his audience in fits of laughter the whole evening. His wife is played by Mrs. McElonah, who, it will be remembered, scored such a success in "The Country Girl." She plays her part admirably and her splendid soprano voice is heard to great advantage in her duets and songs. Bun Hobday, it might be said, is born for the part of The Boy, which he virtually lives the whole time he is on the stage. It would be superfluous to mention all the cast, sufficient to say that everyone is carefully and well chosen for the parts they are taking, and the whole show goes with a zip from start to finish. The Playhouse was almost filled to capacity last night, and as far as can be seen from the advance sale there should be no vacant seats during the rest of the week.

DOMINION A busy man is Emory THEATRE Johnson. His big police melodrama is being shown at the Dominion Theatre, where the populace is interested in its thrilling drama and the splendid exposition of the fine traits in the average policeman. Mr. Johnson not only acts one of the leading roles in "In the Name of the Law," but he also is credited with having produced and directed the production—a sizeable task at any time.

VALENTINO APPEARS IN "BLOOD AND SAND" AT DOMINION MONDAY

A story of colorful Spain, of moonlight, of senoritas, of dancing and guitars—the land for passionate love-making—written by Vicente Blasco Ibanez, author of "The Four Horsemen," adapted by June Mathis, adapter of that production, and directed by Fred Niblo, who directed "The Three Musketeers." Such is "Blood and Sand," starring Rodolph Valentino, which comes to the Dominion Theatre all next week. A story of hot, impetuous love against a background of the most dangerous sport known to man—bull fighting. Immense scenes there are of the bull ring, the tremendous crowds, the impressive opening pageant and the charge of the bull, the cape play, the foot work, the dangerous work of the devils who infuriate the bull, who dare the beast to kill them—and who often lose their dare. The production is a distinguished one, impressive in its sincerity, startling in its thrills, filled with the warmth of a fine love.

Caruso Married
NAPLES, Sept. 20.—Enrico Caruso, Jr., today married Miss Eleanor Canessa. Her father was a close friend of the late singer, who is buried in the Canessa family tomb.

"Sing Hail Hail" Macey
"Spring" (by request) Macey
"The Answer" (by request) Terry

"THE MIKADO" TO SHOW AT THE ROYAL VICTORIA NEXT WEEK
The approaching production of "The Mikado" by the American Light Opera Company, coming to the Royal Victoria Theatre, starting Monday, September 25, will recall to many the days of their youth when "The Mikado" was first produced in 1885. The old familiar melodies, tuneful lays and merry wheezes will fall as "the gentle dew from heaven" upon the hearts of the young and old. Their delightful Gilbert & Sullivan era, perhaps their twentieth century nervous systems will be soothed by the tonic. Through the subsequent years, "The Mikado" has lived and we know it today as a classic of light opera.

It will be remembered that "The Mikado" had the longest run in any London theatre up to the time of its production, and held that proud position until comparatively recent times when "Chu Chin Chow" wrested away its honors.

The combination of Arthur Sullivan's music and W. S. Gilbert's libretto produced a result of delightful educational entertainment that never has been and probably never will be surpassed. "The Mikado" was the first big success of this happy combination and was followed fast by other brilliant results from their fertile pen.

Unfortunately for succeeding generations and for lovers of light opera, there arose a quarrel between Gilbert and Sullivan, a chasm that was never bridged, and the two ceased writing in combination. Both continued to write, though not in union, but their work never received the public recognition of their joint efforts.

Gilbert's death occurred in 1911 and was a typical Gilbertian affair in itself, the librettist, well advanced in years, leaped into a shallow ornamental lake to save a lady from drowning, of which, in fact, she was in no danger.

Industrial Insurance increased over 13 per cent during the first five months of 1922 over the same period of 1921.

APPROVES MOTOR VEHICLE BY-LAW

Sanich Council Adopts Jitney Regulation System—Names Chief Jitney Licence Inspector

The Sanich Council last night passed By-Law 344, "a by-law relating to the motor vehicles used or plying for hire in Sanich," by which the jitneys and busses operating in the municipality will be regulated. The terms of the by-law, which have been enumerated fully during the past week, were but slightly changed last night, several minor amendments being approved.

"No one can say that the Council has hustled this motor vehicle by-law through as a matter of form," said Reeve Watson, immediately following the final adoption of the by-law. "It has taken us four times longer in committee over this measure than I can ever remember before in my three years' experience as councillor."

This by-law provides that no motor vehicle shall carry passengers or ply for hire within Sanich municipality on and after October 1 unless a licence has previously been issued therefor. Every owner who wishes to operate his motor vehicle as a bus or jitney is required to make application for a licence; such application

CONFIDENCE VOICED IN ALBERNI POLICE

Police Commission Supports Action of Chief Cronk in Recent Abortive Liquor Prosecutions

PORT ALBERNI, Sept. 19.—The bi-monthly meeting of the Port Alberni City Council was held last night. A letter was read from the secretary of the Hospital Board requesting that the annual city grant of \$200 to the hospital be forthcoming as usual. The Council recently decided that as half the proportion of liquor profits received by the city had been handed over to the hospital, and in view of the financial standing of the city, that the annual grant would not be made this year. However, the trustees of the hospital take the opposite view, and have made a fresh demand for the grant. The letter was ordered filed.

Mr. Frank Porter, of Vancouver, was appointed city auditor for the current year.

A meeting of the Police Commissioners under Chairman Mayor MacIntyre was held at the conclusion of the Council meeting. Chief of Police Cronk submitted his report on police work, and cases heard for the month of August. A long discussion arose, after the reading of the report, with regard to recent cases heard in the police court and the outcome of same, and it was decided that the evidence heard and decisions rendered be transferred and forwarded to the Attorney-General's Department at Victoria in three cases, namely, J. McDaniel, charged with driving a car whilst being intoxicated, in which the case was dismissed; Godwin Anderson, charged with supplying intoxicating liquor to two Indians, in which the case was dismissed; and R. Cook, charged with a similar offence, in which the case was also dismissed. On motion of Commissioner R. J. Burde, M.L.A., seconded by Commissioner C. A. McNaughton, a vote of confidence was unanimously passed in

DEEP COVE OBTAINS NEW COMMUNITY HALL

Social and Recreation Centre Is Result of Co-operative Effort Among District Residents

Twelve months ago a number of the residents of Deep Cove held a meeting in the Old Institute Hall for the purpose of reorganizing the Social Club, which had been allowed to lapse during the war owing to a large number of the members being away on active service. Mr. C. Moore was re-elected president, and Mr. Frank Smith secretary-treasurer, and a strong committee was formed, the immediate objective being to raise sufficient money to put the hall in shape for the winter months.

Money was forthcoming to purchase lumber for the erection of a dining-room and cloakrooms, the labor in connection with the building being furnished free by the members of the club.

At a general meeting called this Spring the question of a new hall was raised, but it was felt at that time that the matter would have to be deferred for some time. Another meeting was called, and it was decided to erect a new building, the site for which had been generously given special treatment to make it a joint stock company under the Friendly Societies Act was formed to take over the new building when completed.

An election resulted in the choice of the following officers: President, Mr. R. Jackson; secretary-treasurer, Mr. Frank Smith; board of directors, Messrs. G. Bratow, J. Coppithorne, A. C. Lovell and C. Moore.

The new hall is now completed and is one of the best community buildings in the country, being second only in size to the large Agricultural Hall at Saanichton. The building is complete in every detail, and the large hall being suitable for any kind of entertainment, the floor having been given special treatment to make it as near perfect as possible for dancing. There are also a dining-room, kitchen and dressing rooms.

The ladies of the club, headed by Mrs. R. Jackson, Miss Coppithorne and Mrs. F. Smith, have been busy for some time preparing for a sale of work, which will shortly be held for the purpose of providing additional money to complete the furnishing of the hall.

Elaborate preparations are being made for the opening of the hall, which is looked forward to by the residents of the district, and it is expected that the coming Winter will be one of the most successful from a social point of view for the members of the club and their friends.

GARAGE FIRE DOES DAMAGE IN NANAIMO

NANAIMO, Sept. 21.—Shortly before midnight fire broke out in a building on Wallace Street used as a storage warehouse by the Werks Bros. The fire, which was caused by a gas leak, destroyed five automobiles and a large quantity of goods. The damage is estimated at \$10,000.

be considerable. The fire department did excellent work under Chief Parkin, and although the fire had gained considerable headway when the department arrived they soon had it under control.

The cause of the blaze has not been determined, but is believed to have been spontaneous combustion. It is understood some insurance will protect the loss.

WOMEN'S INSTITUTE WINS FIRST PRIZE

Display of Skilled Needlework by Langford Women Is Feature of Victoria Fall Fair.

LANGFORD, Sept. 21.—Hearty congratulations are due to the Langford branch of the Women's Institute on its obtaining first place with its stall exhibit at the Victoria Fall Fair, especially as it is the first attempt of this kind that has been made.

In judging the stall, special points were given for "fancy work, plain sewing, the art section, most tastefully displayed; also the photographic section and the bottled fruit. A special feature was made of the home-making exhibit, and many complimentary remarks were made in connection with this.

Mrs. Welsh, the indefatigable convener, who accomplished much excellent work, wishes to thank all the members of the institute for their hearty co-operation, especially Mrs. George Deville, Mrs. Elspeth, Mrs. Hickock, Mrs. Madeline, Dupuis, for their invaluable suggestions and help, also the working committee, Messrs. Sloan, Johnson, Wade and others. A vote of thanks for transportation facilities and kind general assistance.

In seeing the exhibit, comes the realization of the great amount of work which necessarily underlies all such undertakings, and the institute should feel well repaid for the work upon receipt of their well-earned \$100 prize. Well done, Langford.

CO-OPERATIVE SOCIETY MAKES GOOD START

Metchnola Fruit Growers Hear Report of Initial Operations and Elect Officers for Year.

METCHNOLA, Sept. 21.—Three thousand, three hundred and four pounds of strawberries, 76 pounds of raspberries and 385 pounds of potatoes were the summary of the amount of fruit handled by the Metchnola District Co-operative Fruit Growers' Association since its inauguration three months ago, given at the first general meeting, held in the Metchnola Hall, last evening. The president, Mr. Fred Peachey, presiding in the chair, called upon the secretary-treasurer, Mr. T. P. Pullen, to read the financial statement, which showed receipts amounting to \$439.81, and the expenditure, \$428.05, the accounts audited and found correct by Mr. T. A. Smart.

An interesting address was then given by Mr. Graham Forrester, containing much valuable information on sound advice on the growing and packing of fruit.

The following officers were elected, from nominations received, for the ensuing year: Mr. Fred Peachey, president; Mr. F. C. Blake, manager; Mr. T. P. Pullen, secretary-treasurer, and Messrs. H. James, W. O. Sweetman, P. Dash, Rev. F. Comley, directors.

A hearty vote of thanks was tendered by the chairman to Mr. Forrester for his instructive address, which was heartily endorsed by the meeting, after which refreshments were served by Messrs. Peachey, Sweetman and Blake.

NANAIMO NEWS NOTES

NANAIMO, Sept. 21.—At the regular luncheon of the Gyro Club of Nanaimo held in the Windsor Hotel at noon yesterday, a presentation was made to retiring President Joseph Cooper, who resigned from the office at the previous meeting. The presentation, which took the shape of a beautiful gold Eversharp pencil, with the following words inscribed, "Presented to Joseph Cooper, first president Nanaimo Gyro Club, by fellow members, 1922," was made by Mr. Alfred Dendoff on behalf of the club's members. Mr. Dendoff, in his speech, referred to Mr. Cooper as the inspirer of the Gyro movement in this city, and whose efforts for the welfare and success of the Gyro Club in this city were highly appreciated by his fellow members.

A joyous little party of young folks celebrated the fifth birthday anniversary of Marjorie Vipond, daughter of Mr. and Mrs. Jos. Vipond, Wallace Street, Tuesday afternoon and evening. The decorations were pink and white. About twenty friends of the young hostess attended, and a splendid time was spent in music, games, etc.

The funeral of the late Robert W. Morgan, who was killed in the Granby Mine at Cassidy, by a fall of coal, took place yesterday, and was attended by a large number of friends of the deceased. The services were held from the home on Wallace Street and at the graveside by the Rev. Mr. May. The pallbearers were: Messrs. Stuart Muir, John Murland, John Bruce, Alex. McLaughlin and William Unsworth. The casket was covered with floral tributes, many of which were very beautiful.

WEST SAANICH W.I.

Several men donated their services on Tuesday to assist in clearing the lot where the West Saanich Women's Institute will erect their new hall. A chicken dinner was provided by members of the institute. The work is not yet completed, and the men have promised to hold another session as soon as they can conveniently arrange it.

Mrs. T. F. Gold, Mrs. F. Young and Mrs. W. Mitchell met with a committee representing the West Saanich Women's Institute, convened by Miss Hilda Maber at the Institute rooms, Bluggetta, to complete plans for the catering at the Agricultural Hall on October 4.

NEWS OF SIDNEY

SIDNEY, Sept. 20.—A concert was held in the Regent Hall tonight under the auspices of the Ladies' Aid of the Union Church. The evening was declared a great success, every number being well appreciated by the audience. Encores were the rule and not the exception.

Mr. Drury Pryce, with his violin, was a great favorite. His wonderful bowing was admired nearly as much

FAMOUS PUBLICIST WILL LECTURE HERE

Dr. Walter Hadwen, Strenuous Opponent of Vivisection, Will Come to City Next Month

Dr. Walter Hadwen, eminent English medical man and president of the British Union for Abolition of Vivisection, was due to arrive in New York yesterday. He will go directly to Eastern Canada, speaking in Montreal, Ottawa and Toronto. His trip takes him back to Chicago, and other American towns. In Seattle he will speak before the Public Schools Protection League, in answer to an urgent request, and will then cross to Vancouver and arrive in Victoria on October 6th, when he will deliver a public lecture of intense interest.

On leaving Victoria Dr. Hadwen will help in a campaign against vivisection in California and lecture in many important American cities before returning to England at the close of the year. His visit to America has been taken at considerable inconvenience to himself and in response to urgent appeals from those organizations whose ideals he upholds and supports. Dr. Hadwen's name has been much before the public lately in connection with his articles on inoculation, appearing in Truth and other papers, which have caused somewhat of a sensation in England and other countries.

When the trouble broke out in England regarding the outbreak of fever in Malta, it was largely reported that Sir David Bruce had discovered a germ which he regarded as the cause of the outbreak. The supply of goats' milk to the army and navy was stopped in consequence, the germ supposedly being harbored in the milk.

Dr. Hadwen quietly slipped off to Malta at his own expense and investigated affairs. The result of his searching investigations—historical, medical and statistical—was published in The Contemporary Review, and generous praise bestowed on the doctor by leading men in political life.

Dr. Hadwen proved conclusively that the fever was not the result of germs nor goats' milk, but that

UNEARTHS REMAINS OF STONE AGE VILLAGE

TORONTO, Sept. 21.—A Detroit dispatch to The Globe says: "According to a private dispatch received here today from Duith, William H. Ferguson, noted archaeologist at the head of the Ferguson Archaeological Expedition working at Isle Royale in Lake Superior, has made one of the greatest finds in the history of North-western research. He has discovered the remains of a large stone age village, covering many acres on both sides of the Sybil River near Girardin Falls."

It is believed by Mr. Ferguson that excavations will throw light on unknown parts of American history. Builders of the village, beyond a doubt, were the ancient copper miners whose work is found on Isle Royale. The antiquity of the find is further corroborated by a few many hundreds of years old in the ruins of the village.

Given Sift Sentence
LETHBRIDGE, Sept. 21.—For impersonating a pensioner named Harry Preusky by writing to Ottawa in his name, notifying change of address and asking that his cheque be sent to General Delivery, Lethbridge, instead of Calgary, and so obtaining possession of it, William Lewadunk, a Russian and himself a returned man, was this morning sentenced to five years.

Colorado is second only to California in the number of farms under irrigation.

Honest Advertising.

THIS is a topic we all hear now-a-days because so many people are inclined to exaggerate. Yet has any physician told you that we claimed unreasonable remedial properties for Fletcher's Castoria? Just ask them. We won't answer it ourselves, we know what the answer will be.

That it has all the virtues to-day that was claimed for it in its early days is to be found in its increased use, the recommendation by prominent physicians, and our assurance that its standard will be maintained.

Fletcher's Castoria is strictly a remedy for Infants and Children. Honestly advertised as such, without a claim for more than its over 30 years of use have amply proven. A Baby's remedy for Babies. And not an adult's remedy for all the family and all the ails that human flesh is heir to.

Children Cry For Fletcher's CASTORIA

Special Care of Baby.

That Baby should have a bed of its own all are agreed. Yet it is more reasonable for an infant to sleep with grown-ups than to use a man's medicine in an attempt to regulate the delicate organism of that same infant. Either practice is to be shunned. Neither would be tolerated by specialists in children's diseases.

Your Physician will tell you that Baby's medicine must be prepared with even greater care than Baby's food.

A Baby's stomach when in good health is too often disarranged by improper food. Could you for a moment, then, think of giving to your ailing child anything but a medicine especially prepared for infants and children? Don't be deceived.

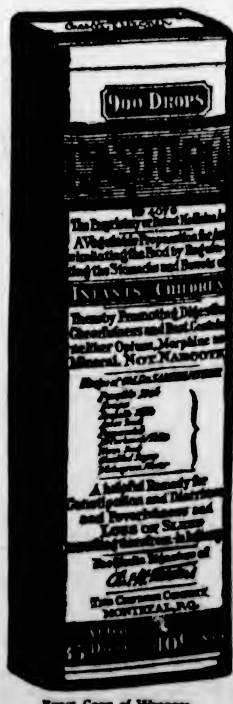

Make a mental note of this:—It is important, Mothers, that you should remember that to function well, the digestive organs of your Baby must receive special care. No Baby is so abnormal that the desired results may be had from the use of medicines primarily prepared for grown-ups.

MOTHERS SHOULD READ THE BOOKLET THAT IS ATTACHED TO EVERY BOTTLE OF FLETCHER'S CASTORIA.

GENUINE CASTORIA ALWAYS

IT'S A MATTER OF
A FEW DAYS ONLY

A SALE like this can't last always. In a few more days this splendid opportunity to save will have passed. Work on the NEW STORE at 1208 Douglas Street is being rushed with all possible speed, and the minute it's ready this sale will be called off. So don't put off your buying and lose this one great chance.

Many more decided price reductions have been made; in fact, most of the remainder of the stock has sustained further heavy reductions. It saves moving—that's the only benefit to us.

How John Parvin's
Mortgage Was Paid.

JOHN PARVIN was a farmer living near Port Hope, Ont. He bought a farm for \$6,000, of which amount he paid \$2,000 cash and signed a mortgage for the remaining \$4,000.

But the thought of this \$4,000 overhanging his home made him uneasy. He feared the loss of the farm to his wife in case of his death.

One day he went to Port Hope. Here he met a North American Life representative and confided to him his doubts and fears. He was advised to take out a policy for \$4,000 to cover his estate, which he did.

The second winter after this he was taking grain to town. The day was bitterly cold and he caught a chill. Pneumonia resulted. Inside of a week John Parvin had passed away.

His North American Life policy lifted the mortgage off that farm.

We have a booklet entitled "About That Mortgage," which gives full information on how to cover mortgaged property. Send for it to-day.
